## Arctic Winter Games Jackets AVAILABLE

Town of Hay River has approximately 200 winter Karbon 3 in 1 jackets in inventory that are surplus from the Arctic Winter Games. These were jackets issued, primarily to volunteers from the 2018 Games.

The majority of the jackets are blue in colour and have “volunteer” and some sponsorship tagging on them. Sizes range from XL to XXXL. The Town is looking to donate the jackets to any organization that could benefit from having.

If anyone is interested in the jackets they can contact Glenn Smith at:  
Ph: (867) 874-6522

Focus on Healthy Communities

## Harmful Effects of Tobacco

Smoking tobacco is related to more than two dozen diseases and conditions. It has negative effects on nearly every organ of the body and reduces overall health. Smoking tobacco remains the leading cause of preventable death and has negative health impacts on people of all ages: • unborn babies; • infants; • children; • adolescents; • adults; • and seniors.

Check out the Link below to learn about becoming healthier for you, your family and community.

## NWT & National Bulletin

### Webinar Opportunity

Municipal assets and public services are vulnerable to the impacts of climate change, placing local leaders at the frontlines of

adaptation. But a lack of quality data and capacity to utilize that data prevents many local governments from accurately identifying their unique climate change infrastructure vulnerabilities.

### **Intact Foundation Action Grants**

The Intact Foundation is an integral part of our core value of being socially responsible. Since its inception in 2003, the Intact Foundation has donated over \$37 million in charitable funding to more than 1,400 organizations nationally.

To ensure we continue to make an impact on some of the most pressing issues

affecting Canada, the Intact Foundation focuses on three areas where our generosity can have a significant impact – adapting to a changing climate, addressing the root causes of child poverty and empowering employees to help their communities.

Funding is available for projects that make communities more resilient to climate change impacts,. This includes projects to protect communities from wildfires. Application deadline is Nov. 30, 2019.
