**NWT Association of
Communities
Annual General Meeting**

**2025 Annual General Meeting
Minutes
February 27 – March 1, 2025**

Minutes

The Chairperson (President Alty) called the meeting to order 3:30 pm.

Welcome from President Alty

President Alty welcomed everyone to the AGM of the NWTAC. She thanked the sponsors of this year's AGM without who our AGM could not be a success. She thanked the Board of Directors and staff for their hard work and dedication.

ADOPTION OF THE 2025 AGENDA

Moved by Councillor Garrett Cochrane (City of Yellowknife) and seconded by Councillor Mike Couvrette (Town of Fort Smith) that the agenda for the 2025 Annual General Meeting be adopted.

CARRIED

PRESIDENTS REPORT

The President's Report was moved by Councillor Ryan Yakeleya (Hamlet of Tuktoyaktuk) and seconded by Mayor Raymond Ruben (Hamlet of Paultuk).

CARRIED

ADOPTION OF THE 2024 AGM MINUTES

Moved by Deputy Mayor Lyne Maisonneuve (Hamlet of Enterprise) and seconded by Deputy Mayor Thomas Harvey (Hamlet of Ulukhaktok) that the 2024 AGM minutes be adopted.

CARRIED

ACCEPTANCE OF THE 2023-2024 FINANCIAL STATEMENTS

Moved Councillor Robert Bouchard (Town of Hay River) and seconded by Councillor Mike Couvrette (Town of Fort Smith) that the 2023 – 2024 Financial Statements be adopted.

CARRIED

ACCEPTANCE OF THE 2025-2026 NWTAC BUDGET

Moved Councillor Garret Cochrane (City of Yellowknife) and seconded by Mayor Danny Beaulieu (Hamlet of Fort Providence) that the 2024-2025 Budget be accepted.

CARRIED

NWTAC POLICY & BYLAW

Moved by Councillor Susie Memogana (Hamlet of Ulukhaktok) and seconded by Councillor Garrett Councillor to accept the 2024-2025 Re-affirmed policies of the NWTAC as follows.

CARRIED

Moved by Councillor Susie Memogana (Hamlet of Ulukhaktok) and seconded by Councillor Ryan Yakeleya (Hamlet of Tuktoyaktuk) to accept the 2024-2025 Standing Policies of the NWTAC as follows.

CARRIED

Moved by Deputy Mayor Norman Anikina (Hamlet of Sachs Harbour) and seconded by Councillor Shirley Gargan (Hamlet of Fort Providence) to accept the 2024-2025 Deleted policies of the NWTAC as follows.

NWTAC Resolutions are divided into the following categories:

CATEGORY A Territorial Wide Municipal Issues

This category will contain resolutions on issues that are of a direct or indirect concern to all territorial Communities.

**CATEGORY B Issues which Pertain to Regional Concerns
Only or Are Not Within Municipal Jurisdiction**

This category will contain resolutions, which are of a regional concern only or are not within municipal jurisdiction. No action is taken on Category B resolutions.

**CATEGORY C Matters Dealt with by the NWTAC in the Previous Three
Years**

This category will contain resolutions relating to specific matters, which have already been considered by the NWT Association of Communities within the previous three years.

2025-01 Air Transportation

WHEREAS: Air Transportation services is responsible for the efficient delivery of passenger flights, freight to the isolated communities.

AND WHEREAS: Remote Isolated Communities are experiencing logistical issues that bring into question of the services performed by Air transportation to the remotely isolated communities.

NOW THEREFORE BE IT RESOLVED: We are requesting that the GNWT conduct a review on Air Transportation to the remotely isolated communities affected by the services by air travel. A list to reference to:

- a) Scheduled flights
- b) Medical travel passenger seat availability
- c) Financial cost to airfare and cargo rates
- d) Travel to community-to-community routes

RECOMMEND: CATEGORY A CONCURRENCE

2025-02 Create a Plan for the Future of the Northwest Territories

WHEREAS the economy of the North, and all of Canada, affects the services that communities in the Northwest Territories (NWT) can provide to their people; and

WHEREAS the current government of the NWT needs to give more decision-making power back to the regions so that communities can have more control over decisions that affect them; and

WHEREAS communities are now competing with each other for limited money and resources, which can hurt others, and this could be solved by having one clear vision and mission for the whole NWT; and

WHEREAS it is important for the GNWT and community governments to work together on a strong plan for the future that benefits everyone;

THEREFORE BE IT RESOLVED that the NWT Association of Communities ask the GNWT to lead a project to create a vision and plan for the future of the Northwest Territories. This plan should include ideas and input from all communities and Indigenous governments and explain where the NWT wants to be in 5 and 10 years; and

BE IT FURTHER RESOLVED that this plan prioritize key issues related to Infrastructure, Environment and Climate Change, Education, Culture and Employment, Justice, and Health and Social Services and Executive and Indigenous Affairs with a focus on delivering equitable services to all, enhancing community health and wellness, and fostering economic growth that benefits all regions and individuals.

RECOMMEND: CATEGORY A CONCURRENCE

2025-03 NTPC GOVERNANCE MODEL REFORM

WHEREAS the supply of electrical power to residents of the NWT is an essential service and serves as a key utility required for survival of communities and is a powerful agent and critical in almost all aspects of life including economic growth, social wellbeing and stability, improvement of health and livelihoods. It must be considered a vital service and be recognized as a service like water, education, health services and critical infrastructure - such as roads and airports and as such, is best delivered and managed by a government department accountable directly to the citizens of **the NWT**.

AND WHEREAS the Northwest Territories Power Corporation has continued to demonstrate that under their current crown corporation model, their inability to provide affordable and reliable electricity services to customers in a cost-effective manner through-out the NWT.

THEREFORE BE IT RESOLVED that the Minister responsible for NTPC and by extension the GNWT take immediate steps to complete a comprehensive review of organizational structure and operational efficiency review as well as an assessment of value-for-money evaluation of NTPC under its current model of management.

BE IT FURTHER RESOLVED that the review be undertaken by an independent party prior to any further significant management or operational reorganization and prior to approval of any pending rate increase applications to any regulating agency.

RECOMMEND: CATEGORY A CONCURRENCE

2025-05 Land is Vital for Municipalities to Grow their Communities and Taxbase

WHEREAS access to land is vital for municipalities to grow their communities and taxbase;

AND WHEREAS the Government of the Northwest Territories Department of Environment and Climate Change administers Commissioners Land and the land transfer process to municipalities.

AND WHEREAS municipalities understand and support any required duty to consult with affected Indigenous communities under section 35, of the Constitution Act of Canada, federal and territorial legislation implementing the United Nations Declaration of the Rights of Indigenous Peoples as well as all modern and historic treaties in the territory.

THEREFORE BE IT RESOLVED that the NWTAC urge the Government of the Northwest Territories undertake on a priority basis, the work necessary to undertake legislative analysis, options development, and engagement with NWTAC and its members to amend all relevant legislation to expedite the timely, legitimate, and practical transfer of Commissioners land to willing municipalities; and

BE IT FURTHER RESOLVED best efforts be made by the Government of the Northwest Territories to complete this work, including legislative changes, within the life of the 20th Legislative Assembly.

RECOMMEND: CATEGORY A CONCURRENCE

2025-06 Aurora College Community Learning Centre Closures

WHEREAS Aurora College recently announced closures of Community Learning Centres in 19 communities

WHEREAS there are huge educational disparities in the NWT.

WHEREAS Remote communities depend on local learning centres for foundational education and skills development

WHEREAS Aurora College has since released data and made statements that the Community Learning Centres are an outdated and inefficient delivery method

THEREFORE BE IT RESOLVED that Aurora College engage with the impacted communities to create alternative solutions that prioritize educational access

BE IT FURTHER RESOLVED that Aurora College needs to design the replacement program before the Community Learning Centres are closed if they proceed with said closures.

BE IT FURTHER RESOLVED indigenous, first nations and community governments have first right of refusal for the disposal of the building.

RECOMMEND: CATEGORY A CONCURRENCE

WHEREAS the Government of the Northwest Territories (GNWT) is conducting a review of the 2030 Energy Strategy;

WHEREAS the GNWT has recently committed to achieving net-zero emissions by 2050, and that commitment will shape the revised strategy;

WHEREAS despite this increased focus on emission reduction, no objective metric or indicator has yet been articulated for affordability nor reliability of energy, leaving these critical aspects of the energy transition without clear metrics or a narrative to guide the process;

WHEREAS it is assumed that Sustainable Development Goal (SDG) 7, calling to *"ensure access to affordable, reliable, sustainable, and modern energy for all"*, applies to NWT communities;

WHEREAS climate change is already affecting NWT energy assets and the transportation infrastructure feeding them;

WHEREAS the ownership structures of these assets and infrastructures are fragmented and complex, adding an additional challenge to the holistic and partnership-based approach required;

THEREFORE, BE IT RESOLVED that the forthcoming renewed NWT Energy Strategy should:

1. Establish an end-user-oriented approach that reflects the distinct realities and transition pathways of the different stakeholders, including industry, communities, and the GNWT itself and its agencies and corporations;
2. Ensure that, regardless of the stream, end-users are treated as partners, adequately supported and resourced, and actively involved in decision-making so that energy transition advances climate justice;

3. Explicitly recognize that affordability and reliability are concurrent and non-negotiable goals, and define metrics or indicators to inform energy policy;
4. Acknowledge that the energy strategy is not solely about mitigation of emissions but must also support the adaptation of energy systems and assets, with resilience metrics helping different owners' action.

BE IT FURTHER RESOLVED that the Strategy will clearly articulate levels of resources, including dedicated funding, and that the corresponding action plan will be released concurrently to ensure timely implementation and accountability.

RECOMMEND: CATEGORY A CONCURRENCE

2025-08 SUPPLY CHAIN ANALYSIS

WHEREAS Recent events like evacuations, low water levels, mild winters, and damage to infrastructure have seriously impacted on supply chains in the NWT and demonstrated their serious sensitivity to climate change

THEREFORE BE IT RESOLVED THAT the GNWT have a Supply Chain Strategic Analysis completed for the entire territory including a risk assessment that includes among other things climate change and alternative routes.

BE IT FURTHER RESOLVED that this analysis should also include recommendations to reduce this vulnerability

RECOMMEND: CATEGORY A CONCURRENCE

2025-09 PELLET SUPPLY CHAIN

WHEREAS the GNWT already facilitates oil and gas resupply to many communities and

WHEREAS the GNWT also has the fostering of biomass in their Energy Strategy

WHEREAS It needs to be established that burn areas have the opportunity to be harvested

WHEREAS burn area harvesting will improve fire protection

THEREFORE BE IT RESOLVED that the GNWT foster and facilitate the delivery of pellets to communities and their subsequent delivery within communities

AND FURTHER THAT an analysis of burn area harvesting and its recommendations be implemented.

RECOMMEND: CATEGORY A CONCURRENCE

2025-10 EMERGENCY PLAN WORKING GROUP

WHEREAS in recent years, there has been an increase in the number of emergencies that have activated municipal and Territorial emergency plans;

WHEREAS with each activation, there have been lessons learned but there has not been a comprehensive opportunity to work together to address the lessons learned;

THEREFORE BE IT RESOLVED that the GNWT form a working group comprised of at least representatives from the NWTAC and LGANT to review and update the *Emergency Management Act*; the NWT Emergency Plan; and emergency management processes.

RECOMMEND: CATEGORY A CONCURRENCE

2025-11 Amendment to Disaster Assistance Policy – Solid Waste Management Facility Fires

WHEREAS NWT communities that are responsible for operation and management of a municipal solid waste management facility will not have adequate financial resources to support the cost of extraordinary, emergency firefighting and associated environmental protection related activities during a community solid waste management facility fire.

WHEREAS the cost of firefighting and environmental protection activities associated with a solid waste management facility fire will not be adequately covered through Northern Communities Insurance Program.

WHEREAS increasing environmental regulations are equating to significant costs associated with emergency firefighting and associated air quality and water quality monitoring and mitigation.

WHEREAS the GNWT has recently ruled that a disaster classification requires proof of widespread damage that affects a significant number of people's properties.

WHEREAS the GNWT has recently ruled that environmental contaminants resulting from a significant solid waste management facility fire do not represent a risk to the health, safety and welfare of residents.

THEREFORE BE IT RESOLVED that the NWT Association of Communities urge the Government of the Northwest Territories to recognize extraordinary, emergency fires at solid waste management facilities as a potential disaster that can lead to significant municipal property destruction, significant environmental damage, and put peoples' health, safety and welfare at risk.

BE IT FURTHER RESOLVED that the GNWT's Disaster Assistance Policy be updated to include the specific indication that extraordinary, emergency solid waste management facility fires can be considered a disaster.

BE IT FURTHER RESOLVED that the GNWT's Disaster Assistance Policy's maximum assistance payable be increased from \$100,000 to \$2,000,000 to more appropriately cover the costs associated with or prevention of a community disaster.

BE IT FURTHER RESOLVED that the fiscal status of the community should have no bearing on the eligibility or amount of coverage under the GNWT Disaster Assistance Policy.

RECOMMEND: CATEGORY A CONCURRENCE

2025-12 **Property Tax Forgiveness When Property is Destroyed by Fire**

WHEREAS in the event that an improvement is damaged or destroyed by fire and the damage or destruction is so significant as to render the taxable property unfit for further use or occupation, the *Property Assessment and Taxation Act* grants the Council of a municipal taxing authority to enact a by-law to reduce or rebate a portion of the property taxes, upon application by the assessed owner;

AND WHEREAS the ability to reduce or rebate a portion of the property taxes when fire damages or destroys an improvement and renders it unfit for further use is a reasonable action;

AND WHEREAS the current requirement to enact a by-law to effect the reduction or rebate of a portion of the property taxes under these circumstances introduces additional burden and potentially significant time delays, and unnecessarily brings public attention to what can be a very personal tragedy;

AND WHEREAS the reduction or rebate of a portion of the property taxes on a specific property under these conditions is largely prescriptive and can be achieved administratively without requiring policy direction from the Council of a municipal taxing authority;

NOW THEREFORE BE IT RESOLVED THAT the Northwest Territories Association of Communities urge the Government of the Northwest Territories to consider amending the *Property Assessment and Taxation Act* to enable the Senior Administrative Officer of a municipal taxing authority to approve, upon application by the assessed owner, the reduction or rebate of a portion of the property taxes when an improvement is damaged or destroyed by a fire that has rendered it unfit for further use or occupation.

RECOMMEND: CATEGORY A CONCURRENCE

2025-13 Building Code Act

WHEREAS at this time, the Northwest Territories (NWT) is the only jurisdiction within Canada without a regulatory building regime framework. Compared to our sister territories, the Yukon Territory and Nunavut, the NWT does not have any legislation that regulates construction in detail. The Yukon Territory has a *Building Standards Act* and Nunavut has a *Building Code Act*. The NWT does not have similar legislation, leading to an absence of clear building-related responsibilities for municipalities.

WHEREAS through the *Cities, Towns, and Villages (CTV) Act*, CTV's can choose to adopt by-laws to regulate the safety, health and welfare of people and the protection of people and property. Pursuant to this, the City of Yellowknife has chosen to create the Building By-law, that regulates local construction; however, the *CTV Act* does not formally define the building-related responsibilities and interconnection between the function of the Government of the Northwest Territories (GNWT) and tax based municipalities.

WHEREAS a *Building Code Act* is different than a *Fire Prevention Act (FPA)*, and work on a *Building Code Act* should not be tied to the completion of the *FPA* review and update. Both Yukon and Nunavut have legislation regarding building codes and fire prevention.

WHEREAS individuals and developers are often frustrated because they need to deal with multiple regulatory offices for building plans, electrical permits, construction, inspections and occupancy. By having a *Building Code Act*, the clarity on who is the ultimate authority and how regulatory requirements are interpreted would improve the terms for development considerably.

NOW THEREFORE BE IT RESOLVED THAT that the Government of the Northwest Territories (GNWT) establish a comprehensive building regime for the purpose of providing regulatory clarity throughout the Northwest Territories.

RECOMMEND: CATEGORY A CONCURRENCE

**2025-14 REVIEW AND AMENDMENT OF THE SENIOR CITIZENS AND
DISABLED PERSONS PROPERTY TAX RELIEF ACT, R.S.N.W.T.
1988,c.50(Supp.), as amended**

WHEREAS the *Senior Citizens and Disabled Persons Property Tax Relief Act* grants municipalities the authority to exempt the eligible property of a senior citizen or a disabled person from part of the property taxes;

AND WHEREAS the *Senior Citizens and Disabled Persons Property Tax Relief Act* requires other property owners to be dependent on the senior or disabled owner in order for the relief to apply;

AND WHEREAS the definition of dependent within the *Senior Citizens and Disabled Persons Property Tax Relief Act* is vague and allows for a wide range of diverse and potentially conflicting interpretations;

AND WHEREAS the vagueness of this definition can create confusion and misunderstanding;

AND WHEREAS this confusion and misunderstanding may inhibit fair and consistent application of the tax relief provisions;

AND WHEREAS the *Senior Citizens and Disabled Persons Property Tax Relief Act* determines eligibility strictly on the basis of age and/or disability;

AND WHEREAS the *Senior Citizens and Disabled Persons Property Tax Relief Act* does not provide any mechanism for municipalities to consider financial need when considering eligibility for property tax relief;

NOW THEREFORE BE IT RESOLVED THAT the Northwest Territories Association of Communities urge the Government of the Northwest Territories to consider:

- (i) Amending the *Senior Citizens and Disabled Persons Property Tax Relief Act* to allow municipalities to determine how dependency is defined and determined in situations where not all owners are seniors and/or disabled; and
- (ii) Amending the *Senior Citizens and Disabled Persons Property Tax Relief Act* to allow municipalities to define and apply a means test to ensure that property tax relief is directed at property owners who need it.

RECOMMEND: CATEGORY A CONCURRENCE

2025-15 Alternative Voting Methods

WHEREAS Section 52.1 (1) of the Local Authorities Elections Act authorizes a local authority, that is a municipality, to pass a by-law to provide for voting by way of mail-in ballot or the casting of ballots at the office of the returning officer;

AND WHEREAS other jurisdictions within Canada allow for Alternative Voting Methods such as telephone voting and internet voting;

AND WHEREAS the acceptance of digital technology in society is increasing exponentially;

AND WHEREAS the use of technology can improve accessibility, enhance voter privacy and convenience, reduce ballot errors and increase efficiency of elections;

NOW THEREFORE BE IT RESOLVED THAT the Northwest Territories Association of Communities lobby the Government of the Northwest Territories to amend the Local Authorities Elections Act to incorporate technological advancements and alternative voting methods such as, but not limited to telephone voting and internet voting.

RECOMMEND: CATEGORY A CONCURRENCE

2025-16 Wildfires

WHEREAS Localized drought conditions seem to cause more and more severe fire seasons;

WHEREAS Many NWT communities are surrounded by old-growth coniferous forests that are ready to burn;

THEREFORE BE IT RESOLVED RESOLVED That the GNWT's departments of Municipal and Community Affairs and Environment and Climate Change bring more resources and focus more on ways to safeguard our communities from wildfires and at the same time put a higher priority on bolstering emergency measures organizations in the community so they can better deal with the imminent threat from a fire threatening their community.

RECOMMEND: CATEGORY A CONCURRENCE

2025-17 Highway Rescue and Ambulance Services

WHEREAS municipalities operate a full-time fire and ambulance service through the City of Yellowknife Fire Division;

WHEREAS municipalities also respond to calls for service outside of the municipal boundary;

WHEREAS the Government of the Northwest Territories (GNWT) has initiated a review of highway rescue and ground ambulance services within the territory;

WHEREAS community governments across the territory must prioritize their services with the funding available to them;

WHEREAS the cost recovery for emergency services provided outside of municipal boundaries may be difficult for a number of NWT community governments;

NOW THEREFORE BE IT RESOLVED that until such time as the GNWT has reviewed the strategy for Highway Rescue Services (RA-17-13-05) and conducted a feasibility study towards a Territorial Ground Ambulance Service (RA-17-15-03), that the GNWT should adequately fund those communities conducting ground ambulance or highway rescue services outside of their respective community boundaries.

RECOMMEND: CATEGORY A CONCURRENCE

2013-18 **Review and Amendment of the *Property Assessment and Taxation Act*, R.S.N.W.T. 1988 c.P-10, as amended and the *Grants-In-Lieu of Property Taxes Policy 21.09***

WHEREAS the Government of the Northwest Territories and the Commissioner are not liable to taxation pursuant to Section 73(2) of the *Property Assessment and Taxation Act*; and

AND WHEREAS the Government of the Northwest Territories makes grants in lieu of taxes pursuant to the *Grants-In-Lieu Of Property Taxes Policy 21.09* in recognition of the services it receives from municipal governments and to pay its share of the costs to municipalities where territorial property is located; and

AND WHEREAS the Government of the Northwest Territories does not pay Grants-In-Lieu of Property Taxes on property it leases to third parties; and

AND WHEREAS municipal governments cannot sell territorial property to recover unpaid taxes against defaulting tenants and are forced to take other measures, including making court applications, to recover unpaid taxes and such actions often never allow a municipality to recoup the loss; and

AND WHEREAS the Government of Canada is exempt from taxation pursuant to Section 125 of the *Constitution Act, 1867* but makes payments in lieu of property taxes to local governments; and

AND WHEREAS the Government of Canada recognized that the term "grant" for the payments made in lieu of property taxes did not reflect the value of the services provided by municipal levels of government to federal properties and proceeded to amend the name of the act to "Payments in Lieu of Taxes"; and

AND WHEREAS the Government of Canada recognized the difficulty encountered by municipal governments in recovering unpaid taxes against tenants of federal property and beginning in the 2000 tax year included a provision in the *Property in Lieu of Taxes Act* for municipalities to request a payment in lieu of taxes on federal property occupied by a defaulting tenant, after demonstrating that every reasonable attempt has been made to collect the taxes from the tenant without success;

AND WHEREAS various provincial governments have recognized the difficulty encountered by municipal governments in recovering unpaid taxes against tenants of provincial property and have included provisions in the applicable legislation to allow municipal governments to request a payment in lieu of taxes

if all reasonable attempts to collect the outstanding taxes have not been successful;

AND WHEREAS there have been instances where municipal governments have not been able to collect unpaid property taxes from tenants of territorial property and have not received any grant in lieu of taxes; and

AND WHEREAS the purpose of the grants made in lieu of taxes is to deal equitably and fairly with municipalities;

NOW THEREFORE BE IT RESOLVED THAT the Northwest Territories Association of Communities urge the Government of the Northwest Territories to consider:

- (i) amending the *Property Assessment and Taxation Act* and the Grants-In-Lieu of Properties Policy to allow municipal governments to request a payment in lieu of taxes if all reasonable attempts to collect the outstanding taxes have not been successful in accordance with what the federal and other provincial governments have already done; and
- (ii) changing the name of the 'Grants-In-Lieu of Properties Policy' to the 'Payments-In-Lieu of Properties Policy' to emphasize the territorial government's responsibility as a property owner to share in the cost of local government, rather than its generosity in making a payment which it is not legally obliged to make.

ELECTION OF OFFICERS

Nomination Committee was chaired by Mayor Rebecca Alty and Mayor Kandis Jameson.

This year the positions of Vice President for Hamlets, Charter Communities, Tlicho Government and Community Governments and Directors for both Cities, Towns and Villages as well as Hamlets, Charter Communities, Tlicho Government and Community Governments were up for election.

The 2025-2026 Board of Directors is as follows:

President	Mayor Rebecca Alty City of Yellowknife
Vice President, Cities/Towns/Villages	Mayor Kandis Jameson Town of Hay River
Vice President, Hamlets/Charter Communities Tlicho Government/Community Governments	Mayor Pat Klengenberg Hamlet of Ulukhaktok
Director, City/Towns/Villages	Councillor Mike Keizer Town of Fort Smith
Director, City/Towns/Villages	VACANT
Director, Charter Communities/ Hamlet/Tlicho Government/ Community Governments	Deputy Mayor Lyne Maisonneuve Hamlet of Enterprise
Director, Charter Communities/ Hamlet/ Tlicho Government/ Community Governments	Councillor Tammy Steinwand – Deschambeault Community Government of Behchokò

CARRIED

Meeting adjourned ~ 5:00 pm. Saturday, March 1, 2025.

**NWTAC Board of Director
February 13, 2025
Minutes**

ATTENDANCE

Mayor Rebecca Alty	City of Yellowknife
Mayor Kandis Jameson	Town of Hay River
Mayor Pat Klengenber	Hamlet of Ulukhaktok
Deputy Mayor Lyne Maisonneuve	Hamlet of Enterprise
Councillor Mike Keizer	Town of Fort Smith

Staff

Sara Brown	Chief Executive Officer
Yvonne Fleming	Senior Financial Officer/Executive Assistant

CALL TO ORDER

Meeting was called to order at 10:18am

APPROVAL OF AGENDA

Moved by Mayor Kandis Jameson and second by Deputy Mayor Lyne Maisonneuve to accept the agenda.

CARRIED

APPROVAL BOARD MINUTES

Moved by Mayor Kandis Jameson and second by Deputy Mayor Lyne Maisonneuve to accept the October 22, 2024, Board Minutes.

CARRIED

2025 AGM

Yvonne and Sara updated the Board on the progress of the AGM. Everything continues to be worked on, and we will be ready to go for the 2025 AGM.

FCM Update

Sara provided the board with a FCM Strategic update. It was recommended that this be discussed at a later meeting. The board suggested that Sara contact the FCM and have someone present this update at our next meeting.

NWTAC Strategic Plan

It was the recommendation of the board to move this topic to the next meeting and discuss in more detail in person.

NWTAC 2025-2026 BUDGET

Moved by Councillor Mike Keizer and seconded by Deputy Mayor Lyne Maisonneuve to accept the 2025-2026 NWTAC Budget.

CARRIED

In-Camera Personnel

Moved by Councillor Mike Keizer and seconded by Deputy Mayor Lyne Maisonneuve to move in camera to discuss a personnel matter.

CARRIED

ADJOURNMENT OF THE NWTAC MEETING

Mayor Kandis Jameson moved to adjourn the NWTAC meeting at 11:35 am

CARRIED

**NWTAC Board of Director
February 26, 2025
Minutes**

ATTENDANCE

Mayor Rebecca Alty	City of Yellowknife
Mayor Kandis Jameson	Town of Hay River
Mayor Pat Klengenberg	Hamlet of Ulukhaktok
Deputy Mayor Lyne Maisonneuve	Hamlet of Enterprise

CALL TO ORDER

Meeting was called to order at 9:30am

APPROVAL OF AGENDA

Moved by Mayor Pat Klengenberg and second by Councillor Mike Keizer to accept the agenda.

CARRIED

APPROVAL OF 2025 AGM MINUTES

Moved by Councillor Mike Keizer and seconded by Deputy Mayor Lyne Maisonneuve to accept the 2025 AGM Minutes.

CARRIED

APPROVAL OF FEBRUARY 13 AND FEBRUARY 26, 2025, Minutes

Moved by Deputy Mayor Lyne Maisonneuve and seconded by Mayor Pat Klengenberg to accept the February 13 and February 26, 2025 Minutes.

CARRIED

AGM DEBRIEF

The Board and staff discussed the 2025 AGM. The consensus was the 2025 AGM was a huge success.

BOARD IMPACT ON REBECCA ALTY LEAVE REQUEST

President Alty has requested a leave from the NWTAC Board to pursue her run for Member of Parliament for the Western Arctic. The Board granted President Alty's leave.

CARRIED

FEDERAL ELECTION CAMPAIGN

Sara discussed the Federal Election Campaign, the NWTAC is working on this and will send out to the Board.

EMERGENCY ACT REVIEW NOMINEES

The Board discussed the Emergency Act Review and suggested Mayor Jameson, The Mayor of Fort Smith and Deputy Mayor Lyne Maisonneuve as the nominees for the review.

ADJOURNMENT OF THE NWTAC MEETING

Councillor Mike Keizer moved to adjourn the NWTAC meeting at 10:05 am.

CARRIED

**NWTAC Board of Director
June 26, 2025
Minutes**

ATTENDANCE

Mayor Kandis Jameson	Town of Hay River
Mayor Pat Klengenber	Hamlet of Ulukhaktok
Councillor Mike Keizer	Town of Fort Smith
Councillor Tammy Steinwand Deshambeault	Community Government of Behchoko
Councillor Kathy Tsetso	Village of Fort Simpson
Mayor Raymond Ruben	Hamlet of Paulatuk

STAFF

Sara Brown	Chief Executive Officer
Yvonne Fleming	Senior Financial Officer
Shirley Fontaine	Northern Communities Insurance Program-Manager

REGRETS

Mayor Ben Hendriksen

CALL TO ORDER

Meeting was called to order at 8:38 am.

APPROVAL OF AGENDA

Moved by Councillor Kathy Tsetso and second by Councillor Mike Keizer to accept the agenda.

CARRIED

PRESIDENT'S REPORT

President Jameson updated the Board on the activities of the NWTAC since she was appointed as President. A copy of the report is available upon request.

ORIENTATION

Sara delivered a comprehensive presentation of the orientation package to the Board. During her presentation, she outlined the mission and functions of the Association, the responsibilities and expectations of Board members, and provided an overview of key roles and duties within the organization.

WHAT YOUR FEES BUY YOU

Sara presented the Board with a new flyer that explains for our members what their fees buy them. This was for information purposes.

STRATEGIC PLAN

Sara presented the NWTAC's Strategic Plan to the Board, highlighting several key issues that have been addressed and will remain a focus of ongoing efforts.

SCHOOL OF COMMUNITY GOVERNMENT CHANGES

Sara updated the Board on the changes that are happening with the School of Community Government.

RESOLUTIONS

Sara stated that the NWTAC has received a response from the GNWT on the Resolutions submitted to the GNWT that came out of the 2025 AGM. The NWTAC will continue to work on this.

BOARD COMMUNICATIONS

A discussion was held on what would be the best way for the Board to communicate with staff and with each other. This was addressed and a plan was put in place.

IN CAMERA

It was moved by Mike Keizer and second by Councillor Tammy Steinwand Deshambeault to move in camera.

CARRIED

It was moved by Mayor Raymond Ruben and Tammy Steinwand Deshambeault to move out of camera.

CARRIED

DATES FOR NEXT MEETING

The Board asked Sara to look into some dates and get back to the Board.

ADJOURMENT

Move by Councillor Kathy Tsetso to adjourn the meeting at 4:00pm.

CALL TO ORDER

Meeting called to order at 12:00 pm.

APPROVAL OF AGENDA

Moved by Councillor Mike Keizer and second by Mayor Ben Hendriksen to accept the agenda.

CARRIED

APPROVAL OF MINUTES OF JUNE 2025

Moved by Mayor Raymond Ruben and second by Councillor Mike Keizer to accept the minutes of June 2025.

CARRIED

PRESIDENT'S REPORT

President Jameson updated the Board on the activities of the NWTAC since the last meeting of the Board. A copy of the report is available upon request.

Moved by Deputy Mayor Kathy Tsetso and second by Mayor Ben Hendriksen to accept the President's Report.

CARRIED

2024-2025 FINANCIAL STATEMENTS

Yvonne Fleming presented the Board with the 2024-2025 Financial Statements. Moved by Deputy Mayor Kathy Tsetso and second by Mayor Ben Hendriksen to accept the financial statements.

CARRIED

VARIANCE REPORT

Yvonne Fleming presented a variance report for acceptance by the Board of the NWTAC.

AUDITOR RENEWAL

Moved by Mayor Ben Hendriksen and second by Mayor Raymond Ruben to accept Avery Cooper and Co. as the auditors for 2025-2026 fiscal year.

CARRIED

RESERVE AMOUNTS

Moved by Councillor Mike Keizer and second by Mayor Raymond Ruben to that the NWTAC internally restrict \$50,000.00 of the unrestricted accumulated surplus as a reserve for future projects at the discretion of the NWTAC Board of Directors and \$150,000 for Operating Reserve. This reserve shall be prepared in accordance with the standards established by the Accounting Standards Board of the Chartered Professional Accountants and the NWTAC Auditors, Avery, Cooper and Co.

CARRIED

AGM UPDATE

The staff updated the Board on the planning and coordination of the 60th AGM of the NWTAC scheduled for February 26 – 28, 2026 in Yellowknife. The following committees were set up for the AGM.

Nomination Committee

Deputy Mayor Kathy Tsetso
Mayor Ben Hendriksen

Policy Committee

Mayor Kandis Jameson
Councillor Mike Keizer

Finance Committee

Mayor Kandis Jameson
Yvonne Fleming

DATES FOR NEXT MEETING

The date for the next Board meeting will be February 25, 2026, in Yellowknife.

ADJOURMENT

Move by Mayor Raymond Ruben to adjourn the meeting at 12:51pm.

CARRIED

NWT ASSOCIATION OF COMMUNITIES

FALL 2025 ADVOCACY WEEK

FINAL REPORT

Dated 18 November 2025

Prepared by URSA Consulting Group

CONTENTS

A. Executive Summary

B. Advocacy Week at a Glance

C. What We Heard : Key Federal Themes and Insights

D. Closing Note

E. Appendix : Follow-Up Actions & Next Steps

A. EXECUTIVE SUMMARY

From October 20–24, 2025, the Northwest Territories Association of Communities (NWTAC) undertook an intensive federal advocacy week, **meeting with 14 federal ministers, parliamentary secretaries, deputy ministers, associate deputy ministers, and senior staff.**

This series of engagements provided an opportunity to advance NWTAC’s message that strong, resilient communities are foundational to Canada’s nation-building, sovereignty, climate adaptation, and economic transformation agenda.

Across all meetings, federal officials recognized:

- 1) Northern realities require dedicated approaches: flexible, portfolio-based, and community-led.
- 2) Infrastructure and housing are enabling conditions, not stand-alone asks.
- 3) Sovereignty and climate resilience depend on thriving communities, not isolated federal assets.
- 4) Municipal partners are essential implementers with unmatched local insight and on-the-ground capacity.

NWTAC successfully positioned itself as the unified voice of all 33 communities, consistently demonstrating how investing in community governments directly advances federal priorities and facilitates the federal mandate to build infrastructure “*at speeds not seen in generations.*”

B. ADVOCACY WEEK AT A GLANCE

14

Federal Engagements

Ministers:

- Hon. Rebecca Alty, MP for the Northwest Territories
Minister of Crown-Indigenous Relations
- Hon. Eleanor Olszewski, MP for Edmonton Centre
Minister of Emergency Management and Community Resilience
Minister responsible for Prairies Economic Development Canada
- Hon. Rebecca Chartrand, MP for Churchill-Keewatinook Aski
Minister of Northern and Arctic Affairs
Minister responsible for the Canadian Northern Economic Development Agency

Secretary of State:

- Hon. Buckley Bélanger, MP for Desnethé-Missinippi-Churchill River
Secretary of State for Rural Development

Parliamentary Secretary:

- Maggie Chi, MP for Don Valley North
Parliamentary Secretary to the Minister of Health

Opposition MPs:

- Scott Aitchison, MP for Parry-Sound-Muskoka
Official Opposition Housing Critic

Senior PMO / Ministerial Staff:

- Celine Yegani, Prairies and North Advisor
Prime Minister’s Office
- Natalie Woodland, Regional Advisor
Office of the Minister of the Environment and Climate Change
- Jaeda Schilke, Regional Advisor
Western and Northern Desk, Office of the Minister of Health

Deputy Ministers / ADMs:

- Paul Halucha, Deputy Minister
Housing, Infrastructure and Communities Canada
- Mollie Johnson, Deputy Minister
Environment and Climate Change Canada
- Jimi Onalik, President
Canadian Northern Economic Development Agency
- Rob Wright, Associate Deputy Minister
Crown-Indigenous Relations and Northern Affairs Canada
- Natasha Kim Associate, Deputy Minister
National Defence

Key Outcomes

Expressed federal support for dedicated northern housing and infrastructure streams.	Strong alignment on dual-use and enabling infrastructure (community & DND).	Shared concern around climate-driven supply chain disruption and emergency management readiness for communities, industry, and defence.
Receptiveness to immigration/labour pilots designed for the North.	Commitment to exploring guardianship, Rangers, and Coast Guard as integrated sovereignty tools.	Clear interest in AGM participation from nearly every office.

C. WHAT WE HEARD : KEY FEDERAL THEMES AND INSIGHTS

1. Infrastructure Funding & Cost of Living

Federal officials were candid about the limits of existing national programs and the need for Northern-specific approaches.

- **Deputy Minister Halucha** acknowledged national programs are not designed for Northern realities and was open to a dedicated Northern housing and infrastructure framework, similar to Nunavut’s model.
- Officials highlighted the Canada Community-Building Fund as a model for future programs due to its flexibility, predictability, and low administrative burden.
- **Secretary of State Bélanger** recognized that current federal procurement rules often disadvantage Northern businesses.
- Senior officials agreed that municipal infrastructure is foundational to housing, defence, and economic development.
- CIRNAC emphasized that proposals gain traction when framed as long-term national investments that advance prosperity and sovereignty.

Federal Perspective:

Infrastructure gaps must be addressed to reduce cost of living and enable housing, economic growth, and federal priorities across the North. Funding will be confirmed faster where there are areas of consensus amongst communities, levels of government and other stakeholders.

2. Climate Resilience & Adaptation

Climate discussions drew strong reactions from federal officials and reinforced their understanding of the North’s accelerating climate impacts.

- **Deputy Minister Mollie Johnson** expressed serious concern after hearing community evidence of health risks linked to downstream tailings pond drainage, and indicated interest in receiving more detailed information.
- Federal representatives acknowledged that current disaster and emergency programs are still designed for southern conditions, and do not adequately address permafrost thaw, low-water supply disruptions, shortened construction seasons, or barge cancellations.

- Several departments noted that climate impacts are advancing more rapidly in the Northwest Territories than in the rest of Canada, strengthening the case for Northern-specific design standards and accelerated adaptation planning.
- Guardianship programs were widely recognized as essential frontline climate monitoring systems, supporting community safety, data collection, environmental protection, and sovereignty.

Federal Perspective:

Climate adaptation in the North is increasingly recognized not only as an environmental imperative, but also as a key factor affecting development, community well-being, and sovereignty. The federal government acknowledges that climate change poses a significant risk to critical infrastructure and that communities are directly threatened by its impacts, from natural disasters to melting permafrost, as well as the growing risks associated with increased Arctic shipping activity. At the same time, it was noted that climate change may also create certain opportunities, including potential shifts in farming and other forms of adaptation. The importance of ensuring that harvesters can continue to access the land was also highlighted.

3. Housing & Homelessness

Housing issues resonated strongly with federal officials, with clear alignment on the urgency.

- **Conservative MP Aitchison** showed strong interest in reusing vacant federal housing units, requesting follow-up details.
- **Deputy Minister Halucha** confirmed work is underway to develop Northern-specific housing mechanisms, including portfolio funding and retrofit-focused models.
- Officials reacted strongly to the data showing that nearly half of NWT households lack adequate, suitable, or affordable housing, alongside the country’s highest per-capita homelessness rate.
- Departments increasingly viewed housing as essential to workforce growth, immigration retention, and defence readiness, not only as a social policy issue.

Federal Perspective:

There is strong interest in new housing pathways, including asset transfers, retrofits, and delivery models adapted to Northern realities.

4. Sovereignty & National Security

Federal officials demonstrated a clear understanding that community capacity is central to Canada’s sovereignty in the North. The alignment of interests and the clear focus on Northern and Arctic issues is a feature of this new government.

- **Associate Deputy Minister Natasha Kim** emphasized that defence investments can revitalize communities, and confirmed that municipal infrastructure is essential to expanding federal operational capacity.
- Defence officials highlighted more than \$100 million in annual operations across the territories, underscoring the North’s importance within Canada’s defence plans.
- Several departments recognized the value of integrating Guardians, Canadian Rangers, and the Coast Guard into a coordinated, Northern-led security and monitoring system.
- Increased High Arctic shipping, unknown vessels, and spill risks were identified as areas requiring stronger local readiness and dual-use infrastructure.
- Senior officials reinforced that major corridors, such as the Mackenzie Valley Highway, should be framed as sovereignty infrastructure, supporting national security and economic resilience.

Federal Perspective:

Sovereignty, and Canada’s ability to respond appropriately and rapidly to emerging risks, depends on the development of thriving, well-serviced northern communities, not solely on isolated military assets. Funding has now been confirmed to support the development of defence infrastructure and assets in the North, and the cities of Yellowknife and Inuvik are particularly well positioned to benefit from these investments.

5. Reconciliation, Health, Mental Wellness & Social Determinants

Meetings showed strong alignment on the need for Northern-led, culturally grounded health approaches.

- **Parliamentary Secretary Maggie Chi** acknowledged major navigation barriers in federal health and dental programs, especially for residents with limited access or unclear eligibility.
- Officials recognized that needing navigators to access basic programs reflects deeper design issues.
- Health Canada representatives expressed openness to community-driven healing models, including aftercare, on-the-land programming, and prevention-focused supports.
- Investments were linked to Truth and Reconciliation Commission Call to Action #21, emphasizing the importance of social determinants.

Federal Perspective:

Health and wellness programs will require redesign to reflect Northern realities, simplified access, Indigenous partnership, and community-driven delivery.

6. Economic Growth, Jobs & Workforce / Immigration

Federal discussions highlighted the North’s expanding role in Canada’s economic and demographic future.

- **Minister Rebecca Chartrand** showed strong interest in a Northern skilled-immigration parallel to a local skills development pilot tied to labour shortages and supported by housing availability.

- The Minister also spoke about food security projects and entrepreneurship support coming through new programs.
- Several departments reacted to the evidence that every \$1 million invested locally creates 13 jobs, reinforcing the impact of community-led delivery.
- Officials emphasized that workforce attraction depends on housing, health supports, and stable community infrastructure.
- Economic development offices expressed interest in Northern food-economy innovation, including vertical farming, local fisheries, and processing models suited to remote communities.

Federal Perspective:

The Northwest Territories is increasingly viewed as a strategic region for workforce growth and economic development, requiring coordinated federal action.

7. Climate-Emergency Management & Community Readiness

Discussions revealed significant structural gaps in emergency preparedness and coordination.

- **Minister Eleanor Olszewski** expressed concern that airport personnel were evacuated before residents, undermining emergency operations.
- Federal officials acknowledged that satellite communications have become essential emergency infrastructure.
- Representatives were struck by how RCMP redeployment can trigger cascading service reductions in small communities.
- Departments showed interest in improving logistics planning, aviation readiness, and community-level preparedness.
- There was openness to exploring a stronger municipal role in the Arctic Security Group.

Federal Perspective:

Northern emergency readiness is seen as a national resilience issue, and federal departments are open to co-designing improved systems with Northern communities.

D. CLOSING NOTE

Advocacy Week underscored a simple but important truth: **when Northern communities speak with clarity and unity, federal leaders listen differently.** The conversations held throughout the week reflected a shift in how Ottawa understands the North — not as a distant region, but as a place central to Canada’s future prosperity, climate resilience, and sovereignty.

The themes, commitments, and questions raised by federal officials point to a moment of real opportunity. The follow-up items captured in this report are more than administrative tasks; they represent openings to shape policy, influence program design, and ensure that Northern priorities are reflected in decisions being made now. These items can form the basis of an ongoing advocacy and government relations plan.

The next major point of convergence will be the NWTAC Annual General Meeting in February 2026. It will be the moment to reinforce the messages delivered in Ottawa, re-engage federal partners, and demonstrate the progress communities have made. Ensuring strong federal presence at the AGM will help sustain the momentum built during Advocacy Week and carry it into the next cycle of decisions, funding opportunities, and national conversations.

As this work continues, the foundation laid through Advocacy Week provides a strong starting point. The months ahead will be critical in turning federal attention into meaningful outcomes for communities across the Northwest Territories.

“Budget 2025 is our plan to build Canada strong - with major infrastructure projects, millions more homes, new defence industries, and thousands of new high-quality careers all across our country.”

E. APPENDIX : FOLLOW-UP ACTIONS & NEXT STEPS

Minister Rebecca Alty – Crown Indigenous Relations

- 1) Provide details on federally owned housing units that may be transferred, including “vacant or underused” assets identified by communities.
- 2) Share input related to tailings ponds, community impacts, and ongoing concerns.
- 3) Coordinate follow-up on the Major Projects Office pathway with PMO.
- 4) Provide AGM invitation and participation details.

Minister Eleanor Olszewski – Emergency Management & Community Resilience

- 1) Provide documentation on the United Way emergency-management pilot.
- 2) Follow up on logistics-planning needs, including the request for a federal logistics specialist.
- 3) Provide details related to evacuation sequencing, including airport personnel.
- 4) Explore options for municipal involvement in the Arctic Security Group.
- 5) Provide AGM invitation and participation details.

Minister Rebecca Chartrand – Northern Affairs / CanNor

- 1) Provide models and examples of community-led food system innovation (greenhouses, fisheries, processing).
- 2) Share municipal–First Nation collaboration examples relevant to Northern pilots.
- 3) Follow up on Northern immigration and skills pathways, linked to labour shortages.
- 4) Provide AGM invitation and participation details.

Secretary of State Buckley Bélanger – Rural Development

- 1) Provide examples of how federal procurement rules disadvantage Northern businesses.
- 2) Share more examples of land access constraints, flooding impacts, and supply-chain challenges.
- 3) Provide AGM invitation and participation details.

Parliamentary Secretary Maggie Chi – Health

- 1) Provide a summary of barriers to accessing federal health and dental programs (e.g., navigation, eligibility, connectivity).
- 2) Share examples of community-led healing models, aftercare, on-the-land programs, and culturally grounded supports.
- 3) Provide AGM invitation and participation details.

Member of Parliament Scott Aitchison – Housing & Infrastructure Critic

- 1) Provide detailed information on vacant federal housing, including Fort Simpson RCMP units, and any similar assets in other communities.
- 2) Provide AGM invitation and participation details.

Prime Minister’s Office – Céline Yegani

- 1) Provide NWTAC’s federal budget proposal.
- 2) Share details on vacant federal housing units and asset reuse opportunities.
- 3) Provide information to support connections with the Major Projects Office, coordinated with Minister Alty.
- 4) Provide AGM invitation and participation details.
- 5) Keep PMO updated on northern developments, federal travel opportunities, and community events.

Natalie Woodland – Office of Minister of Environment (Julie Dabrusin)

- 1) Share community stories and climate impacts to support ministerial policy development.
- 2) Provide materials on Guardianship programs and Northern emergency experiences.
- 3) Provide AGM invitation and participation details.

Jaeda Schilke – Office of Minister of Health (Marjorie Michel)

- 1) Provide additional examples of community-led wellness, aftercare, and prevention approaches.
- 2) Provide AGM invitation and participation details.

Deputy Minister Paul Halucha – Housing, Infrastructure & Communities

- 1) Provide detailed list of vacant federal housing units, including the 13 empty RCMP units in Fort Simpson.
- 2) Provide information to support development of Northern-specific housing mechanisms, including portfolio and retrofit options.
- 3) Share examples linking core infrastructure to housing readiness.
- 4) Provide AGM invitation and participation details.

Deputy Minister Mollie Johnson – Environment & Climate Change

- 1) Share community-level information on tailings pond impacts, water quality, and related health concerns.
- 2) Provide Guardianship program examples tied to environmental monitoring and safety.
- 3) Provide AGM invitation and participation details.

President & Deputy Minister Jimi Onalik – CanNor

- 1) Provide examples that illustrate shared Northern priorities for Arctic strategy development.
- 2) Share community impacts of major infrastructure sequencing (highways, radar, hubs).
- 3) Provide AGM invitation and participation details.

Deputy Minister Rob Wright – Crown Indigenous Relations

- 1) Share materials demonstrating unified Northern positioning for major corridors and infrastructure.
- 2) Provide examples on how communities frame projects as investment, not expenditure.
- 3) Provide AGM invitation and participation details.

Associate Deputy Minister Natasha Kim – National Defence

- 1) Provide examples showing how municipal infrastructure supports defence readiness.
- 2) Share community priorities relating to rail link, Coast Guard integration, spill response, and Arctic logistics.
- 3) Provide AGM invitation and participation details.

Thank you to our Supportive Members

SUPPORTING NWT COMMUNITIES WHAT YOUR FEES BUY YOU

ADVOCACY: THE FOUNDATION OF OUR WORK

The NWT Association of Communities (NWTAC) is the collective voice of community governments in the Northwest Territories. Advocacy is at the core of everything we do.

We work year-round to champion the needs of communities by meeting with elected officials and government representatives at all levels. Our advocacy is guided by resolutions passed at each Annual General Meeting, ensuring that NWT communities have a strong voice in shaping policy, legislation, and funding decisions.

Through persistent advocacy, NWTAC has helped secure:

- Increased funding for community services and infrastructure
- Stronger local governance and decision-making support
- Policy improvements in areas like housing, healthcare, and climate action

We work directly with the GNWT, the federal government, and key decision-makers to ensure that community needs are heard—and acted upon. We sit on and advise on various Territorial and Federal Committees.

See our advocacy in action:

<https://nwtac.com/resolutions>

ADVOCATING FOR FAIR COMMUNITY FUNDING

Ensuring community governments receive adequate, stable, and fair funding is a major part of our advocacy efforts. NWTAC:

- Works to secure increased funding from the GNWT for essential community services.
- Engages with government to improve funding formulas that reflect real community needs.
- Provides data-driven advocacy to show how funding impacts local economies and services.

**NWTAC BOARD OF DIRECTORS -
WORKING FOR YOU**

KEY SERVICES FOR NWT COMMUNITIES

ELECTION SUPPORT & COMMUNITY ENGAGEMENT

- Customized Posters: Promoting voter turnout and candidate recruitment.
- Candidate & Voter Guides: Outlining the roles and responsibilities of elected officials.
- Voter ID Requirement Information: Ensuring residents are prepared to vote.
- "So you Want to be a Councillor" video.
- Advertisements for candidates and get out the vote.

RESOURCES & TOOLKITS FOR COMMUNITY GOVERNMENTS

We provide essential toolkits to help communities operate effectively.

Find all resources at: <https://toolkitnwtac.com>

- Governance & Administration: By-Laws, Election Resources, SAO Hiring, and Policies and Strategic Planning.
- Community Health & Well-being: Healthy Communities Toolkit, Social Determinants of Health, Built Environment Guide and Mental Health Initiatives.
- Climate & Environment: Climate Change Action Plans, Energy Efficiency, Community Climate Change Profiles, Programs, and Wildfire Preparedness.
- Asset & Risk Management: Smart Management Practices, Asset Management Guides, Inspection videos and checklists and Emergency Planning Resources.

MUNICIPAL GRANT INVENTORY SERVICE (MGIS)

Members have access to the Municipal Grant Inventory Service, providing comprehensive information on all available funding opportunities for northern communities. This resource helps maximize financial support and access new funding sources.

CANOE PURCHASING PROGRAM - SAVING COMMUNITIES MONEY

Through Rural Municipalities of Alberta (RMA), communities have access to CANOE – the largest purchasing program in the country including:

- Tires, Auto Parts & Fuel Tanks
- Construction & Office Supplies
- Safety Equipment & Workwear
- Heavy Equipment & Maintenance Tools

Learn more at <https://nwtac.com/nwtac-purchasing-program>

COMMUNAL CLIMATE CHANGE PROGRAMS

- Support for Energy Projects and communal networks through the Community Energy Liaison
- Climate Change Preparedness in the North Program Administration
- Communal Partnership Projects:
 - » Foundation Reviews for 10 most vulnerable communities to Permafrost Decay
 - » \$20 M to construct Wildfire Breaks in 29 communities
 - » Wildfire Conference and Workshop
 - » Riverbank Erosion Partnership Table and Workshop
 - » Hazard Mapping Gap Analysis

NORTHERN COMMUNITIES INSURANCE PROGRAM (NCIP)

NCIP is a community-owned reciprocal insurance program designed specifically for NWT municipalities. Since 2003, it has saved communities over \$25 million, while keeping insurance rates frozen at 2001 levels.

PROACTIVE RISK MANAGEMENT & PREVENTION

- Loss Prevention Incentive Program – Over \$5.5 million provided since 2010.
- Building Inspection Program – Financial incentives for regular inspections.
- Heater Inspection Program – \$15,000 annually for heating system inspections.
- Bylaw Improvement Program – One-time \$5,000 grant for updating procurement and water/sewer bylaws.
- Appraisal Program – Annual property assessments for long-term maintenance and budgeting. Forms core of asset management planning.

COMPREHENSIVE COVERAGE

- Property, Vehicle, and Equipment Insurance
- Public Liability & Errors and Omissions Coverage
- Wrongful Dismissal Liability Protection
- Accidental Death & Dismemberment Insurance

ADVISORY & MEMBER SUPPORT SERVICES

Member Communities have access to legal advice through the NWTAC partnership with Brownlee LLP. Contact Brownlee Toll Free at: **1-800-661-9069**

- Informal verbal advice by phone on the Municipal Helpline
- 3 hours of prepaid formal legal advice/opinion per year

Schedule 4 - Schedule of Clean Energy Pathfinders Program	22
Schedule 5 - Schedule of Risk Based Partnership Program	23
Schedule 7 - Schedule of Community Mapping Action Plan	24

MANAGEMENT'S RESPONSIBILITY FOR REPORTING

The accompanying non-consolidated financial statements have been prepared by management, which is responsible for the reliability, integrity and objectivity of the information provided. They have been prepared in accordance with Canadian accounting standards for not-for-profit organizations. Where necessary, the statements include amounts that are based on informed judgments and estimates by management, giving appropriate consideration to reasonable limits of materiality.

In discharging its responsibility for the integrity and fairness of the non-consolidated financial statements and for the accounting systems from which they are derived, management maintains the necessary system of internal controls designed to provide assurance that transactions are authorized, assets are safeguarded, and proper records are maintained. These controls include quality standards in hiring and training employees, written policies and procedures manuals, and accountability for performance within appropriate and well-defined areas of responsibility. The Board's management recognizes its responsibility for conducting the Board's affairs in accordance with the requirements of applicable laws and sound business principles, and for maintaining appropriate standards of conduct.

Avery Cooper & Co. Ltd. Chartered Professional Accountants annually provides an independent, objective audit to express an opinion on the non-consolidated financial statements in accordance with Canadian generally accepted auditing standards.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

1. NATURE OF OPERATIONS

NWT Association of Communities (the "Association" or "NWTAC") is a not-for-profit organization incorporated on November 21, 1973 under the *Societies Act* of the Northwest Territories. NWTAC provides administrative and support services to its membership, Northern Communities Insurance Program (NCIP), and Northern Communities Insurance Exchange (NORCIX). The Association is exempt from income taxes under paragraph 149(1)(l) of the *Income Tax Act* (Canada).

2. SIGNIFICANT ACCOUNTING POLICIES

These Non-Consolidated financial statements are prepared in accordance with Canadian accounting standards for not-for-profit organizations. The significant accounting policies are detailed as follows:

(a) Basis of presentation

The Association has elected to report each controlled entity by providing the disclosure as set out in Note 10. Accordingly, these non-consolidated financial statements present the financial position, results of operations and cash flows of NWTAC and exclude the accounts of NCIP and NORCIX. The financial position, results of operations and cash flows of NCIP and NORCIX are presented in a separate set of financial statements that do not include the financial position, results of operations and cash flows of the Association.

(b) Cash equivalents

The Association considers all investments with maturities of three months or less from the date of acquisition, and bank loans with no fixed terms of repayment to be cash equivalents.

(c) Financial instruments

(i) Measurement of financial instruments

The Association initially measures its financial assets and liabilities at fair value, except for certain related party transactions that are measured at the carrying amount or exchange amount, as appropriate.

The Association subsequently measures all its financial assets and financial liabilities at cost or amortized cost, except for investments in equity instruments that are quoted in an active market, which are measured at fair value. Changes in fair value are recognized in excess of revenues over expenses in the period incurred.

Financial assets measured at amortized cost on a straight-line basis include cash, term deposit, and accounts receivable.

Financial liabilities measured at amortized cost on a straight-line basis include trade payables and accruals, and wages and benefits payable.

Financial assets measured at fair value include marketable securities.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

2. SIGNIFICANT ACCOUNTING POLICIES, continued

(c) Financial instruments, continued

(ii) Impairment

For financial assets measured at cost or amortized cost, the Association determines whether there are indications of possible impairment. When there is an indication of impairment, and the Association determines that a significant adverse change has occurred during the period in the expected timing or amount of future cash flows, a write-down is recognized in excess of revenues over expenses. A previously recognized impairment loss may be reversed to the extent of the improvement. The carrying amount of the financial asset may not be greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in excess of revenues over expenses.

(iii) Transaction costs

Transaction costs related to financial instruments that will be subsequently measured at fair value are recognized in net income in the period incurred. Transaction costs related to financial instruments subsequently measured at amortized cost are included in the original cost of the asset or liability and recognized in net income over the life of the instrument using the straight-line method.

(d) Tangible capital assets

Tangible capital assets are recorded at cost. The Association provides for amortization using the straight-line method at rates designed to amortize the cost of the tangible capital assets over their estimated useful lives. One half of the year's amortization is recorded in the year of acquisition. No amortization is recorded in the year of disposal. The annual amortization rates are as follows:

Computer equipment	3 years
Office equipment	5 years

Amortization of leasehold improvements is recorded over the remaining term of the lease plus the first renewal option.

Contributed capital assets are recorded at fair value at the date of contribution. When fair value cannot be reasonably determined, the contributed capital asset is recorded at nominal value.

(e) Employee future benefits

Under the terms and conditions of employment, the Association's long-term employees may earn post-employment severance benefits based on years of service which can be carried forward. The benefits are paid upon resignation or retirement of an employee. The expected cost of providing such benefits accrue when employees render service, provided that payment of the benefits is probable and the amount can be reasonably estimated.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

2. SIGNIFICANT ACCOUNTING POLICIES, continued

(f) Pension plan

Defined contribution plan accounting is applied to a multi-employer plan, whereby contributions are expensed when due as the Association has insufficient information to apply defined benefit plan accounting.

(g) Revenue recognition

The Association follows the deferral method of accounting for contributions. Externally restricted contributions received or receivable related to expenses of future years are deferred and recognized as revenue in the same year or years in which the related expenses are incurred.

Restricted contributions for the purchase of capital assets that will be amortized are deferred and recognized as revenue on the same basis as the amortization expense related to the acquired capital assets.

Restricted contributions for expenses of the current year are recognized as revenue in the current year.

Unrestricted contributions are recognized as revenue in the current year when received or receivable if the amount to be received can be reasonably estimated and ultimate collection is reasonably assured.

Membership fees are recognized as revenue when received or receivable.

(h) Allocation of expenses

The Association engages in administrative and support services. The costs of special projects include the costs of personnel, premises and other expenses that are directly related to providing the special projects. NWTAC also incurs a number of general support expenses that are common to the administration of the Association and each of its special projects. Accordingly, such expenses are allocated among special projects consistently each year based on time, space, per capita basis, or proportionately on the same percentage as the direct costs of the project.

General support, including communications, computer, insurance, office and administration, office photocopy, office publications, and postage and courier expenses, are allocated to special projects on a per capita basis. Rent expense is allocated based on square footage. Salaries and benefits expense is allocated based on actual time.

(i) Government assistance

Government and other grants related to tangible capital assets are accounted for as deferred government assistance and amortized on the same basis as the related tangible capital assets. Operating grants are accounted for as revenue when earned.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

2. SIGNIFICANT ACCOUNTING POLICIES, continued

(j) Contributed materials and services

The Association recognizes contributions of materials and services, but only when a fair value can be reasonably estimated and when the materials and services are used in the normal course of the Association's operations and would otherwise have been purchased.

(k) Measurement uncertainty

The preparation of these non-consolidated financial statements in conformity with Canadian accounting standards for not-for-profit organizations requires management to make certain judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the non-consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Significant estimates are used in determining the useful lives of depreciable assets, employee future benefits, and allocating common administrative and general support expenses to special projects.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

3. TERM DEPOSIT

The Association invests in redeemable guaranteed investment certificates (GICs) with the Bank of Montreal, with annual interest rates ranging from 3.20% to 5.28%, an aggregate cost of \$298,000 (2024 - \$283,000), a fair value of \$308,418 (2024 - \$293,682) including accrued interest, with maturities from June 5, 2025 to March 23, 2026.

4. ACCOUNTS RECEIVABLE

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

7. DEFERRED REVENUE, continued

The Association has various contribution agreements with the Government of the Northwest Territories (GNWT), Departments of Environment and Climate Change (ECC), Municipal and Community Affairs (MACA), and Health and Social Services (HSS), as well as the Government of Canada (GOC), to fund special projects. Agreements stipulate that any money advanced to NWTAC and not expended prior to the termination or expiry of the contract shall be refunded to the GNWT and GOC.

8. GOVERNMENT REMITTANCES

	2025	2024
GST receivable	\$ 12,124	\$ 15,120
	2025	2024
GST payable	\$ 616	\$ 488
Payroll remittances payable	43,273	87,086
	\$ 43,889	\$ 87,574

9. EMPLOYEE FUTURE BENEFITS

Employees are entitled to severance pay if, among other things, an employee has 10 or more years of continuous employment, at the weekly rate of pay to a maximum of 13 weeks.

Changes during the period to employee future benefits are as follows:

	2025	2024
EMPLOYEE FUTURE BENEFITS, opening	\$ 81,447	\$ 79,592
Severance benefits earned by employees during the year	1,468	1,855
	\$ 82,915	\$ 81,447

Except otherwise noted, it is management's opinion that the obligation will not be settled within the coming year. Accordingly, the obligation is presented as a non-current liability on the non-consolidated statement of financial position.

The Association intends to recover NCIP's portion and settle the obligation simultaneously.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

10. RELATED PARTY TRANSACTIONS

Parties related by direct control through a common Board of Directors include:

(a) Northern Communities Insurance Program (NCIP), a program offered to members of the NWTAC, which insures property, liability, automobile and other risks that communities in the NWT are required to insure. NCIP is subject to the same tax treatment as the NWTAC, and

(b) Northern Communities Insurance Exchange (NORCIX), an unincorporated formal Insurance Reciprocal Exchange licensed in the NWT, is governed by the NWT Insurance Act to administer insurance on behalf of NCIP subscribers. The Exchange is exempt from income taxes under paragraph 149.1(1)(d.3) of the *Income Tax Act* (Canada). The Exchange is economically dependent on the premiums paid into the Exchange by the subscribing communities of the Insurance Reciprocal Exchange.

The transactions, consisting of fees charged by the Association to provide various administrative services to related parties, are in the normal course of operations and are recorded at fair value. Such services include the cost for providing staff, offices, communications, and other office expenses. Except as otherwise noted, amounts due to or from related parties are unsecured, non-interest bearing, and due on demand, with no specified terms of repayment. Reimbursable expenses paid on behalf of related parties are excluded from revenues and expenses.

11. CONTROLLED ENTITIES

Summary financial information at March 31, 2025 and for the year then ended from the most recent audited financial statements of NCIP and NORCIX are as follows:

	<u>NCIP</u>	<u>NORCIX</u>
Total assets	\$ 2,960,690	\$ 25,427,436
Total liabilities	<u>(21,000)</u>	<u>(3,694,241)</u>
Net assets	<u>\$ 2,939,690</u>	<u>\$ 21,733,195</u>

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

11. CONTROLLED ENTITIES, continued

Revenues	\$ 5,702,969	\$ 5,186,532
Expenses	<u>(4,906,501)</u>	<u>(2,858,870)</u>
Excess of revenues over expenses	<u>\$ 796,468</u>	<u>\$ 2,327,662</u>
Net cash (used for) from operating activities	\$ (157,794)	\$ 1,279,406
Net cash from (used for) financing activities	97,375	(97,375)
Net cash used for investing activities	<u>(26,068)</u>	<u>(910,396)</u>
(Decrease) increase in cash	<u>\$ (86,487)</u>	<u>\$ 271,635</u>

At March 31, 2025 the net assets of NORCIX of \$21,733,195 (2024 - \$19,405,533) includes \$3,908,695 (2024 - \$4,441,735) in internally restricted net assets for its Loss Prevention Incentive Programs. Net assets of NCIP of \$2,939,690 (2024 - \$2,143,222) includes \$631,121 (2024 - \$633,160) in internally restricted net assets for its Loss Prevention Reserve.

12. PENSION PLAN

Eligible employees of the Association are members of the Northern Employee Benefits Services (NEBS) Pension Plan (the Plan), a contributory defined benefit plan. The Plan is administered by NEBS as part of benefits program providing insurance, health care and pension benefits for employees of member employers in the North. NEBS is a member owned, not-for-profit corporation of which the Association is a member.

The Plan is governed by the Northern Employee Benefits Services Pension Plan Act (in force October 1, 2015) (the Act) and a Plan Text document maintained by the administrator of the Plan. Both the Act and the Plan Text document provide that participating employers are liable for their share of any funding shortfalls in the Plan as determined on a going concern basis, and on Plan windup. The Act and the Plan Text document provide that any going concern shortfalls, should they arise, are to be paid down over no more than 15 years and that contribution rates may be increased if necessary to do so.

Pursuant to the Act, the Plan is exempt from compliance with the Pension Benefits Standards Act, 1985 (PBSA) and is not required to be funded on a solvency basis.

As at January 1, 2025, the NEBS Pension Plan has a preliminary going concern surplus of \$81,271,800 (2024 - \$66,573,900) and a funded ratio of 120.1% (2024 - 118.5%). The Plan serves 4,515 (2024 - 4,205) employee members and 119 (2024 - 118) participating employers.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

12. PENSION PLAN, continued

Participating employers in the Plan, including the Association are required to make contributions to the plan of 8% (2024 - 8%) of pensionable earnings, and to remit employee contributions of 8% (2024 - 8%). These contributions cover current service costs and a provision for adverse deviation.

Sufficient information is not available to use defined benefit plan accounting. As such, defined contribution plan accounting is used. During the period, employee contributions to the Plan is \$95,624 (2024 - \$82,599), and employer contributions to the Plan is \$95,624 (2024 - \$82,599).

As at January 1, 2025, the excess (deficiency) of actuarial value of net assets over actuarial present value of defined benefits is estimated to be (\$3,183,400) on a solvency basis. The solvency ratio is 99.4%.. While the Association does not intend to terminate its participation in the Plan for the foreseeable future, the Association would be obligated, per the NEBS Act, for its share of the solvency deficiency upon withdrawal. The Association's obligation, as Plan Sponsor, would be calculated based on actuarial estimates for all active, deferred and retired employees.

13. FINANCIAL INSTRUMENTS

Unless otherwise noted, it is management's opinion that the Association is not exposed to significant interest rate, market, currency, credit, liquidity or cash flow risks arising from these financial instruments and that the fair value of these financial instruments approximate their carrying values, unless otherwise noted.

Transactions in financial instruments may result in an entity assuming or transferring to another party one or more of the financial risks described below. The required disclosures provide information that assists users of non-consolidated financial statements in assessing the extent of risk related to financial instruments.

The Association has credit cards limits totaling \$50,000 available from US Bank Canada, a division of U.S. Bank National Association.

Liquidity risk

The Association does have a liquidity risk in the trade payables and accruals of \$747,014 (2024 - 206,293). Liquidity risk is the risk that the Association cannot repay its obligations when they become due to its creditors. The Association reduces its exposure to liquidity risk by ensuring that it documents when authorized payments become due. In the opinion of management the liquidity risk exposure to the Association is low and is not material.

Credit risk

The Association does have credit risk in accounts receivable of \$535,203 (2024 - \$803,674). Credit risk is the risk that one party to a transaction will fail to discharge an obligation and cause the other party to incur a financial loss. The Association reduces its exposure to credit risk by performing credit valuations on a regular basis; granting credit upon a review of the credit history of the applicant and creating an allowance for bad debts when applicable. The Association maintains strict credit policies and limits in respect to counterparties. In the opinion of management the credit risk exposure to the Association is low and is not material.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

13. FINANCIAL INSTRUMENTS, continued

Currency risk

The Association does have exposure to currency risk, which is the risk that the fair value or future cashflows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Association is exposed to currency risk arising from its holdings of investments denominated in U.S. Dollars. As at March 31, 2025, included in investments is \$164,468 (2024 - \$163,015) in U.S Dollars, converted to \$237,919 (2024 - \$221,325) Canadian Dollars.

14. RESERVES

The NWTAC internally restricted \$200,000 (2024 - \$200,000) of the unrestricted accumulated surplus for the following reserves:

(i) a general reserve for \$50,000 (2024 - \$50,000) for future special projects at the discretion of the Board of Directors.

(ii) an operating reserve for \$150,000 (2024 - \$150,000) to stabilize the Association's finances by providing a cushion against unexpected events, losses of income, and large unbudgeted expenses.

No transfers made from or to the reserves in the current year.

15. COMMITMENTS

The Association has entered into operating leases including for the premises expiring January 1, 2026 and office equipment expiring February 25, 2027. Future minimum lease payments for operating leases are as follows:

2026	\$	15,725
2027		1,420
		-
		-
		<hr/>
	\$	<u>17,145</u>

The operating lease for office space carries an option to extend the term for a further period of three years.

16. BUDGET AMOUNTS

The 2025 budget included in the non-consolidated statement of operations on page 2 was approved by the Board of Directors on February 29, 2024, is unaudited, and is presented for information purposes only.

NWT ASSOCIATION OF COMMUNITIES

NOTES TO THE NON-CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2025

17. CONTRACTUAL RIGHTS

The Association entered into the following multi-year contribution agreements with departments of the GNWT and the Government of Canada so the Association may continue to provide future services in the communities:

<u>Department</u>	<u>Project / Term</u>
GNWT - MACA	MACA Core Funding 2024-2026
GNWT - MACA	Bibliography of NWT
GNWT - ECC	Wildfire Preparedness Training Gathering
Canada - CIRNAC	Climate Change Preparedness in the North (CCPN)
Canada - CIRNAC	Northern REACHE
Canada - CIRNAC	Community Mapping Action Plan
Canada - CIRNAC	Climate Change Risk Based Partnership
Infrastructure Canada	DMAF (Wildfire Resilient Project)

Future maximum contributions remaining under these agreements are as follows:

2026	\$ 3,761,805
2027	2,999,785
2028	2,999,785
2029	2,999,785
2030	180,848
2031	180,848
2032	<u>180,849</u>
	<u><u>13,303,705</u></u>

18. SALARIES AND BENEFITS

Salaries and benefits allocated to special projects represent the administration component of project costs. Such allocations are based on the provisions of the respective contribution agreements.

	<u>2025</u> <u>Budget</u>	<u>2025</u> <u>Actual</u>	<u>2024</u> <u>Actual</u>
Core	\$ 952,300	\$ 870,419	\$ 911,125

NWTAC VISION:

Working together to achieve all that our communities want to be.

NWTAC MISSION:

We are working together to serve our communities by addressing common issues, delivering programs and exchanging information. We are the unified voice for communities on municipal goals determined by our members.

ARTICLE 1 - DEFINITIONS

1.1 Defined Terms

For the purposes of these Bylaws, the terms set out below shall have the following meaning:

- (a) "Act" means the Societies Act R.S.N.W.T. 1988, c. S-11, as amended from time to time;
- (b) "AGM" means the Annual General Meeting to be held pursuant to Section 9.1, hereof;
- (c) "Associate Member" means any society, corporation, Community Government, or board situated within the geographic boundaries of the Northwest Territories the activities of which include, but are not restricted to, the provision of services in or for a Municipal Corporation;
- (d) "Association" means the Northwest Territories Association of Communities;
- (e) "Board" means the Board of Directors of the Association established pursuant to Article 4, hereof;
- (f) "Caucus" means Caucus One or Caucus Two;
- (g) "Caucus One" means those Members that are a City, Town or Village; "Caucus Two" means those Members that are a Hamlet, Settlement, Charter Community, Tlicheo Government, Community Government or Municipal Corporation not included in Caucus One.
- (h) "Charter Community" means a municipal corporation with the status of a charter community as defined in the Charter Communities Act S.N.W.T. 2003, c. 22 s.1;
- (i) "Chief Executive Officer" means that individual appointed to such position pursuant to Section 4.3, hereof;
- (j) "Community Government" means a council, self government group or other group of persons in respect of an area where a Municipal Corporation does not exist, which carries out activities that include, but are not restricted to, the provision of services similar to those provided in or for a Municipal Corporation;
- (k) "Council" means the council of a Municipal Corporation or a body of individuals belonging to a Community Government having similar rights and obligations as members of a council of a Municipal Corporation;
- (l) "Delegate" means, for the purposes of attending and voting at any meeting of the Association, an individual that is:

- (ii) the Senior Administrative Officer of a Member who has been authorized by the Member to participate at a meeting of the Association, such authorization to be delivered in writing to the Chief Executive Officer on behalf of the Member before the commencement of such meeting of the Association; or
- (iii) a member of the Council of the Member;
- (m) "Director(s)" means the director(s) of the Association appointed to the Board in accordance with these Bylaws;
- (n) "Dues" means those dues established pursuant to Section 3.1, hereof;
- (o) "Good Standing" means in respect of a Member, Associate Member, Supporting, that all Dues have been paid by such member and that there are no other amounts payable to the Association by such member that are in arrears, as shown in the records of the Association;
- (p) "Honorary Life Member" means an individual that has been granted honorary life membership pursuant to Section 2.3, hereof;
- (q) "Member" means a Municipal Corporation or Community Government that has complied with the requirements of Section 2.2 of the Bylaws;
- (r) "Municipal Corporation" means any entity defined as a Municipal Corporation in the Interpretation Act, R.S.N.W.T. 1988, c I-8 or any other Northwest Territories enactment.
- (s) "Senior Administrative Officer" means that individual appointed to such position by a member community;
- (t) "Special Meeting" means a special meeting of the Association contemplated in Section 9.5, hereof;
- (u) "Supporting Member" means a profit or non-profit organization which has been approved for membership by the Board and has paid all Dues required by the Association.
- (v) "Voting Card" means a card issued by the Association to the Member for the purpose of casting a vote at the meeting of the Association for which the card is issued.

ARTICLE 2 - MEMBERSHIP

2.1 Members

Any Municipal Corporation or Community Government in the Northwest Territories is eligible to become a Member.

2.2 Terms of Admission

All applications for membership shall be submitted to the Chief Executive Officer. Upon payment of Dues and subject to the written approval of the Board, an applicant that is eligible for membership in accordance with Section 2.1 above shall receive a copy of the Bylaws and be enrolled as a Member. Acceptance of a copy of the Bylaws of the Association by the new Member shall constitute its adherence to the terms thereof.

2.3 Non-voting Members

An Associate Member is entitled to receive a copy of the Bylaws and may attend the AGM and may have the privilege of the floor, but shall have no vote, nor shall their representatives be entitled to be elected to any office in the Association.

Applications for associate membership shall be submitted to the Chief Executive Officer. Upon payment of Dues and subject to the written approval of the Board, applicants under this section who meet the definition of Associate Member shall be enrolled as an Associate Member.

An honorary life membership may be conferred upon an individual authorized by the NWTAC Board of Directors. An Honorary Life Member is entitled to receive a copy of the Bylaws, is not required to pay Dues, and shall have no vote.”

Supporting Members may be admitted to membership in the Association if a Supporting Member application, satisfactory to the Chief Executive Officer is submitted, any required membership Dues are paid and the written approval of the Board is obtained. A Supporting Member is entitled to receive a copy of the Bylaws and may attend the AGM as an observer, but may not have the privilege of the floor and shall have no vote.

2.4 Withdrawal from Membership

Any Member, Associate Member or Supporting Member of the Association may withdraw from the Association by submitting to the Chief Executive Officer a notice of withdrawal in writing and by discharging any lawful liability upon the books of the Association against such Member, Associate Member or Supporting Member at the time of withdrawal and such withdrawal shall take effect after any lawful liability upon the books of the Association against such Member, Associate Member or Supporting Member. Immediately upon delivery of the notice of withdrawal to the Chief Executive Officer, any and all rights and privileges of the Member, Associate Member or Supporting Member, as the case may be, shall cease.

If such notice of withdrawal in writing is received before March 31 of any year, that Member, Associate Member or Supporting Member, as the case may be, will be refunded Dues paid for that year. However, if such notice of withdrawal in writing is received after March 31 of any year all Dues paid for that year shall be unconditionally forfeited to the Association.

2.5 Expulsion from Membership

Any Member, Associate Member or Supporting Member that is not in Good Standing for a continuous period of one (1) year shall automatically cease to be a Member, Associate Member, or Supporting Member, as the case may be, effective as of January 2 immediately following the completion of the aforesaid continuous period of one (1) year.

2.6 Readmission to Membership

Any Member, Associate Member or Supporting Member who has withdrawn or who has been expelled from the Association may be reinstated as a Member, Associate Member or Supporting Member upon complying with the provisions of Section 2.2 or 2.3 respectively and upon payment of current and unpaid accounts.

ARTICLE 3 - DUES

3.1 Establishment of Dues

The annual Dues of Members, Associate Members and Supporting Members shall be determined by the Members at the AGM or any Special Meeting.

3.2 Time for Payment

The Dues of all Members, Associate Members and Supporting Members shall be payable by April 1 of each year.

ARTICLE 4 - BOARD OF DIRECTORS

4.1 Board Composition

The Board shall consist of seven (7) Directors: the President, two (2) Vice-Presidents and four (4) Directors. One (1) Vice-President and 2 Directors shall be elected by the members from Caucus One and one (1) Vice-President and two (2) Directors shall be elected by the members from Caucus Two. The President may be elected from either Caucus as per Section 4.11.1.

The Chief Executive Officer shall be entitled to attend and participate at all Board meetings, except they shall not be entitled to vote on any matter put before the Directors for a vote.

In no event shall more than one (1) Director from any Member be permitted to serve as a Board Director at the same time.

4.2 Qualifications of the Board

Except for the Chief Executive Officer, only an individual that is a member of a Council of a Member in Good Standing is eligible to be a Director.

4.3 Appointment of Chief Executive Officer

The Directors shall appoint a Chief Executive Officer, also known as the Executive Director, as and when required.

4.4 Election of Directors

The President shall be elected at an AGM, and shall hold office for two (2) years following the AGM at which he/she was elected.

The Vice-Presidents shall be elected at an AGM, and shall hold office for two (2) years following the AGM at which he/she was elected.

Four (4) Directors (two (2) Directors from each Caucus) shall be elected at an AGM and shall hold office for a period of two (2) years following the AGM at which he/she was elected.

Elections of the Directors shall be ordered in such a manner that:

- 4.4.1 at each second AGM (for example, odd numbered years) the President, the Vice-President for Caucus One and the Vice-President for Caucus Two shall be elected; and
- 4.4.2 at each alternative second AGM (for example, even numbered years) two (2) Directors from each Caucus shall be elected.

4.5 Board Meeting

Board meetings may be formally called by

- 4.5.1 the President; or
- 4.5.2 any Director on the direction in writing of two (2) Directors.

Notice of the time and place of every Board meeting shall be given by the Chief Executive Officer or any Director to each other Director personally, by telephone, by email, or by facsimile transmission not less than seven (7) days before the date and time fixed for the holding of such Board meeting, provided that any Board meeting may be held at any time and place without such notice if all the Directors are present thereat and signify their waiver of such notice at such meeting.

Directors may participate in any Board meeting by conference telephone call, videoconference or other electronic means that permits each Director to hear and be heard at such meetings. Any resolution passed by the Directors at such meeting shall have the same effect as if all Directors were physically present at such meeting.

4.6 Board Quorum

Four (4) Directors, including the President or one (1) of the Vice-Presidents, shall constitute a quorum.

4.7 Remuneration and Expenses

Subject to the approval of a majority of the Directors at a Board meeting, (except for attendance at the AGM, Board meetings held in conjunction with the AGM and teleconference Board meetings under 1.5 hours duration), a Director traveling to Board meetings or otherwise for the purpose of discharging his obligations as a Director engaged in the business and affairs of the Association may be reimbursed for the following expenses and receive the following honoraria:

- 4.7.1 hotel room costs or fifty dollars (\$50.00) per day for private accommodation
- 4.7.2 meals and incidentals reimbursed as per Government of the Northwest Territories reimbursement policy and rates in effect at the time;
- 4.7.3 economy class return airfare to the meeting attended by the Director;
- 4.7.4 ground transportation as per the Government of the Northwest Territories reimbursement policy and rates in effect at the time;
- 4.7.5 Honorarium
 - 4.7.5.1 for a full day meeting, the lesser of two hundred and twenty (\$220.00) dollars or the actual lost income from business or employment incurred by the Director for such day;
 - 4.7.5.2 for a half day, the lesser of one hundred and ten (\$110.00) dollars or the actual lost income from business or employment incurred by the Director for such half day;

All claims for honoraria or reimbursement of those expenses set forth in this Section must be set out on the Association's expense form, accompanied by reasonably acceptable receipts, invoices or vouchers and submitted to the Chief Executive Officer within thirty (30) days from the date upon which such expenses are incurred or honoraria earned.

Notwithstanding any provision within these bylaws to the contrary, if a Director is absent from a Board meeting without the permission of the Board, the Director shall not be entitled to any honoraria or reimbursement for any expenses set forth herein relating to the day(s) of such absence. For the purposes of these Bylaws, absent means absent from all or any portion of a Board meeting without the consent of a majority of the Directors participating at such Board meeting.

Any changes to remuneration or honorarium to be provided to the Directors shall be determined for the immediately ensuing year by the Members at the AGM.

4.8 Voting

At Board meetings, each Director, including the chairman of the meeting shall have one (1) vote. Every matter to be voted upon shall be decided by not less than a majority of the votes cast. In the case of a tie, the motion shall be lost.

4.9 Disqualification of a Director

A Director is disqualified immediately and a vacancy on the Board shall exist if:

- 4.9.5 a Director resigns in writing from his position of Director or from his/her position as President or Vice-President;
- 4.9.6 a Director ceases to be a member of a Council; or
- 4.9.7 a Director is absent from two (2) consecutive Board meetings without the advance consent of the Board and it is resolved by a majority of the Directors participating in the immediately following Board meeting that the Director be removed. The Director affected by such resolution shall not be entitled to vote on such resolution in any manner.

4.10 Board Vacancies

Should a vacancy on the Board occur, the following shall apply, subject to Section 4.1:

4.10.5 If the vacancy involves the director serving as President:

- (i) the Vice President of the same caucus as the departing President shall become President.

4.10.5.2 If that position is vacant as well, then the remaining Vice President shall become President

4.10.5.3 The appointment as President shall be for the unexpired portion of the departing President's term or the next opportunity for an election at an AGM, whichever comes first

4.10.5.3.1 At the next AGM, an election shall be held for the position of President for the unexpired portion of the departing President's term if any remains.

4.10.6 if the vacancy involves the director serving as a Vice-President:

- (i) the President shall appoint a successor from among the Directors that have been elected by the former Vice President's Caucus to fill the vacancy in the position of Vice-President for the affected Caucus to serve for the unexpired portion of the former Vice-President's term or the next opportunity for an election at an AGM, whichever comes first

4.10.6.2 At the next AGM, an election shall be held for the position of Vice President for the unexpired portion of the departing President's term if any remains

4.10.6.3 If the position is filled by a Director whose initial term for which they were elected has not expired, then they may return to their original elected position when the term as vice-president is completed;

4.10.7 if the vacancy involves a Director that is not the President or a Vice-President:

- (i) the position shall first be offered to another representative of the community of the disqualified directors if the community remains a Member in Good Standing and is from the same caucus;

4.10.7.2 If the offer above is declined then the President will appoint a member of a Council from a Member in Good Standing from the same Caucus to fill the vacancy in the Director position;

4.10.7.3 The appointment shall be to serve for the unexpired portion of the Director's term or the next opportunity for an election at an AGM, whichever comes first;

4.10.7.4 If there is no Director returning from an appointment as Vice-President as per clause 7.19(b)(iii) then at the next AGM, an election shall be held for the director's position for the unexpired portion of the departing director's term if any remains.

4.11 Procedure for Elections

Nominations may be made by the nominating committee, as per Article 6 of these Bylaws, or from the floor.

4.11.5 President and Vice Presidents

First call for nominations for these positions shall be called during the first day of an AGM. Second call for nominations for these positions shall be on the second day. Third and final call for nominations for the position of President shall be during the morning of the last day of the AGM. Once the election of the President has been completed, the third and final call for the position of Vice President shall be called.

The President shall be elected by the Members at large. The Vice-President for Caucus One shall be elected by the Members within Caucus One. The Vice-President for Caucus Two shall be elected by the Members within Caucus Two.

A Director may run for the position of President and/or Vice President for the Caucus to which such Director belongs. If he/she is unsuccessful he/she shall retain his/her Director position for the term of which they were elected. If he/she is elected, his/her Director position will be deemed to be vacant and Section 4.10(c) shall apply.

4.11.6 Directors

First call for nominations for the Director positions shall be called during the first day of an AGM. Second call for nominations shall be in the morning of the second day. Third and final call for nominations shall be during the last day of the AGM following the election for President and Vice-Presidents of Caucuses.

Directors for Caucus One shall be elected from and by the Members within that Caucus. Directors for Caucus Two shall be elected from and by the Members within that Caucus.

The two (2) candidates with the most votes within their Caucus shall be elected as Directors.

4.11.7 Candidate Speeches

Each candidate with an accepted nomination for President, Vice-President or Director, shall have the opportunity to speak to the members for a period of no more than two minutes prior to their respective elections.

ARTICLE 5 - DUTIES OF DIRECTORS

5.1 The President

The President shall preside at the AGM and all Special Meetings. He or she shall sign all instruments that require his or her signature and shall perform all duties incidental to his or her office, as well as such other duties and powers as may from time to time be assigned to the President by the Members.

The President shall be a member of the Board and shall have one vote at any meeting of the Board.

5.2 Vice-President

Vice-Presidents shall be vested with all the powers and shall perform all of the duties of the President in the absence of the President or the disability or refusal to act by the President. If the President is absent, the duties shall be carried out by whichever Vice-President is present at the time action is required. If both Vice-Presidents are available, the exercise of the President's duties and powers shall alternate between the two (2) Vice-Presidents and be exercised firstly by the Vice-President chosen by the majority of the Directors present.

5.3 The Power and Authority of the Board

The Board may exercise all such powers and do all such acts and things as may be exercised or done by the Association pursuant to and consistent with objects that are not, by the Bylaws of the Society or by law, expressly directed or required to be done by the Society at a meeting of the Members or otherwise.

5.4 Chief Executive Officer

The Chief Executive Officer shall have the care and custody of all funds of the Association and shall deposit the same in such bank account or bank accounts as is reasonable. He or she shall sign or counter-sign such instruments that require the signature of the Chief Executive Officer. He or she shall issue or cause to be issued notices of meetings of the Association when directed to do so by the Board, and shall be responsible for the preparation and custody of the minutes of Association meetings, Directors meeting minutes, Director's correspondence and financial records. He or she shall conform to all lawful orders given to him or her by the Board.

The Chief Executive Officer shall cause to be kept all books, papers, records, correspondence, contracts and other documents belonging to the Association and shall cause the same to be delivered up when required by the Act or when authorized by the Board to such person as may be named by the Board.

ARTICLE 6 - NOMINATING COMMITTEE

6.1 Appointment of Nominating Committee

During the AGM each year, the Vice-Presidents shall appoint a nominating committee of at least three (3) persons. A member of the nominating committee cannot continue as a member of that committee if he or she becomes a candidate for the Board position to be elected at the AGM.

6.2 Responsibilities of the Nominating Committee

The nominating committee shall be responsible for the recommendation of names for offices of the President, Vice-Presidents and Directors. These recommendations shall be submitted to the Members at the AGM.

6.3 Member Consent Required for Nomination

The nominating committee shall recommend persons for election as Directors in accordance with the provisions in Article 4 of these Bylaws, but in no case shall a Member be recommended by the nominating committee unless he or she has given their consent to act if elected.

6.4 Floor Nominations

Nominations for President, Vice-Presidents and Directors may be made from the floor and will be submitted to the Members at the AGM.

ARTICLE 7 - RESOLUTION COMMITTEE

7.1 Resolutions

The Vice-Presidents shall appoint at least two (2) Directors to sit on the resolution committee. The resolution committee shall accept and process resolutions that may be presented by Members.

7.2 Communication of Resolutions

Prior to the AGM, the resolution committee shall communicate for the purpose of considering all resolutions and submit its recommendations on each resolution to the AGM.

7.3 Rules and Procedures

The Board shall establish rules and procedures for the consideration of resolutions, including a process for the consideration of resolutions between annual meetings.

7.4 Board Resolutions

The Board may also submit resolutions for consideration at the AGM or any Special Meeting.

7.5 Introduction of Resolutions

No Member shall have the right to introduce a resolution on the floor of any meeting that has not been approved at a regular or Special Meeting of the Council of the Member, except resolutions of congratulations, condolence, or appreciation.

ARTICLE 8 - OTHER COMMITTEES

8.1 Other Committees

Standing committees of the Association as desired from time to time may be established by the Directors. Subject to Section 5.3 of the Bylaws, such committees shall be given such scope and powers set out in the resolution of the Directors and shall continue to exist until dissolved by a further resolution of the Directors.

The Board may establish any sub-committee comprised of Directors and, subject to Section 5.3 of the Bylaws, may delegate to such sub-committee such powers and duties as may be deemed necessary by the Board. Such sub-committee shall be given such scope and powers set out in the resolution of the Directors and shall continue to exist until dissolved by a further resolution of the Directors.

ARTICLE 9 - MEETINGS

9.1 Annual General Meeting

9.1 Annual General Meeting

The Annual General Meeting of the Association shall be held annually such time and place shall be determined by the Board of Directors.

9.2 Quorum at the Annual General Meeting

A quorum at an AGM shall consist of a majority of the Members in Good Standing

9.3 Participation at the Annual General Meeting

While only Members in Good Standing are entitled to vote at the AGM, any Member, Associate Member, Supporting Member or Honorary Life Member may attend and observe at these meetings and the various programs offered there.

9.4 Notice of Annual General Meeting

Notice of the AGM shall be given by the Chief Executive Officer by sending a notice by facsimile, by other electronic means by which written messages may be sent or by ordinary post to the address of each Member, Associate Member, Supporting Member and Honorary Life Member at least twenty-one days (21) before the date of the meeting. The meeting shall be held at the place specified in the notice.

9.5 Special Meetings

Upon delivery by mail, facsimile or email to the office of the Association of a written request for a Special Meeting from no less than fifty (50%) percent of the Members, the President shall call a special meeting of the Association.

The Board may also call a Special Meeting when the majority of the Board considers one necessary.

9.6 Time of Special Meetings

If a Special Meeting is called pursuant to Section 9.5, such Special Meeting shall be held within thirty (30) days after the request is received at the Association office or the Board calls such Special Meeting, as the case may be.

9.7 Notice of a Special Meeting

Notice of a Special Meeting shall be given by the Chief Executive by sending a notice by facsimile, by other electronic means by which written messages may be sent or by ordinary post to the address of each Member, Associate Member, Supporting Member and Honorary Life Member at least twenty-one days (21) before the date of the meeting. The meeting shall be held at the place specified in the notice.

9.8 Quorum at a Special Meeting

A quorum at a Special Meeting shall consist of a majority of the Members in Good Standing.

9.9 Representations of Members

Each Member in Good Standing may be represented at the AGM or any Special Meeting by as many Delegates as it may appoint for that purpose and each Delegate shall have the right to take part in all discussions at the meeting.

9.10 Member Meeting by Conference Call

Delegates of Members in Good Standing may participate in any meeting of the Members by conference telephone call, videoconference or other electronic means that permits each Delegate to hear and be heard at such meeting. The chairman of the meeting will cause to be recorded in the minutes of such meeting:

9.10.1 the name of each Member in Good Standing participating in such meeting;

9.10.2 the name of each Delegate participating in such meeting; and

9.10.3 the number of votes present and cast on behalf of each Member in Good Standing participating in such meeting.

ARTICLE 10 - VOTING

10.1 Number of Votes

At the AGM or any Special Meeting, each Member in Good Standing shall be entitled to vote on the basis of the Member's population. The number of votes for each Member shall be determined as follows:

10.1.1 populations less than one thousand five hundred (1500) receive two (2) votes;

10.1.2 populations between one thousand five hundred and one (1501) and two thousand four hundred and ninety-nine (2499) receive three (3) votes;

10.1.3 populations between two thousand five hundred (2500) and three thousand four hundred and ninety-nine (3499) receive four (4) votes;

10.1.4 populations between three thousand five hundred (3500) and four thousand four hundred and ninety-nine (4499) receive five (5) votes; and

10.1.5 populations in excess of four thousand and five hundred (4500) receive six (6) votes.

Subject to Section 9.10, at each meeting of the Members, one Voting Card shall be issued to a Delegate of each Member in Good Standing for each vote that such Member is entitled to under this Section 10.1. If no Delegate of a Member personally attends such meeting, the requisite number of Voting Cards may be issued to a Delegate of a different Member in Good Standing on behalf of the Member not in attendance if the Member not in attendance delivers written authorization to that effect to the Chief Executive Officer before the commencement of such meeting.

10.2 Majority Vote

Subject to any provisions to the contrary which may be contained in these Bylaws or may be prescribed by law, all questions arising at any meeting of the Association shall be decided by a majority of votes cast. In the case of a tie, the motion shall be declared lost. Every question shall be decided in the first instance by a show of voting card(s), but any holder of a voting card may demand that a poll be taken. Such poll shall be taken in such a manner as the individual chairing the meeting shall direct.

10.3 Alternative Methods of Voting

Voting may be conducted by mail, facsimile or by other electronic means by which a written message may be sent.

ARTICLE 11 - ACCOUNTS

11.1 Financial Records

All financial records of the Association shall be maintained in accordance with generally accepted accounting principles, consistently applied and shall be retained for not less than the legal period prescribed by the Income Tax Act, Canada.

11.2 Audit

An auditor appointed by the Board shall audit the books, financial accounts and records of the Society at least once each year.

11.3 Financial Reporting

The Chief Executive Officer or such person designated by the Chief Executive Officer will present the audited financial statements of the Association for the preceding year to the AGM each year.

11.4 Financial Statements

The audited financial statements of the Association for the preceding year shall be available for the inspection by the Members at the AGM.

11.5 Budget

At each AGM, the Chief Executive Officer or such person designated by the Chief Executive Officer shall present to the Association, an operating budget for the current fiscal period that has been approved by the Board.

ARTICLE 12 - BORROWING POWERS

12.1 Borrowing Funds

The Board may, by majority vote, borrow funds for the current operations of the Association, but the total of such funds shall not, at any time, exceed one-half (1/2) of the Association's revenue in the preceding fiscal year.

12.1 Capital Expenditures

The Board may, with the approval of a majority of the Members at a Special Meeting or at an AGM, borrow funds for capital expenditures in the amount and on such terms and conditions authorized by the Members

ARTICLE 13 - GENERAL

13.1 Execution of Documents

Documents shall be executed in the following manner:

13.1.1 cheques, drafts or orders for the payment of monies, notes, acceptances and bills of exchange may be drawn, accepted, endorsed and signed by:

13.1.1.1 any two (2) Directors;

13.1.1.2 one (1) Director together with one (1) of:

13.1.1.2.1 the Chief Executive Officer; or

13.1.1.2.2 the Finance Officer of the Association;

or

13.1.1.2.3 if authorized in advance and in writing by the Board, the Chief Executive Officer together with the Finance Officer of the Association; and

13.1.2 contracts, documents or any instruments in writing requiring execution on behalf of the Association (under seal or otherwise) that are not contemplated in Section 13(1)(a) may be signed by:

13.1.2.1 the President together with a Vice-President;

13.1.2.2 the President or a Vice-President together with the Chief Executive Officer;

13.1.2.3 if authorized in writing by the Board, the Chief Executive Officer alone; or

13.1.2.4 other parties authorized in advance and in writing by the Board from time to time.

13.2 Seal

The seal of the Association shall consist of the word "seal" in a circle formed by the words "Northwest Territories Association of Communities". The seal shall be kept at the office of the Association and shall not be affixed to any instrument or document except in the presence of two (2) Directors or such other parties authorized in advance and in writing by the Board from time to time.

13.3 Fiscal Year

The fiscal year of the Association shall terminate on March 31 of each year.

13.4 Minutes and Records

The Chief Executive Officer shall cause to be recorded accurate, legible, written minutes of the proceedings of each of the AGM, all Special Meetings and all Board meetings. The books and records of the Association may be inspected at the offices of the Association by any Member, Associate Member or Honorary Life Member at any time during business hours upon giving reasonable notice and arranging a time satisfactory to the Chief Executive Officer.

13.5 Altering, Rescinding or Repealing Bylaws

The Bylaws of the Association may be rescinded, altered or added to in accordance with Section 6 of the Act.

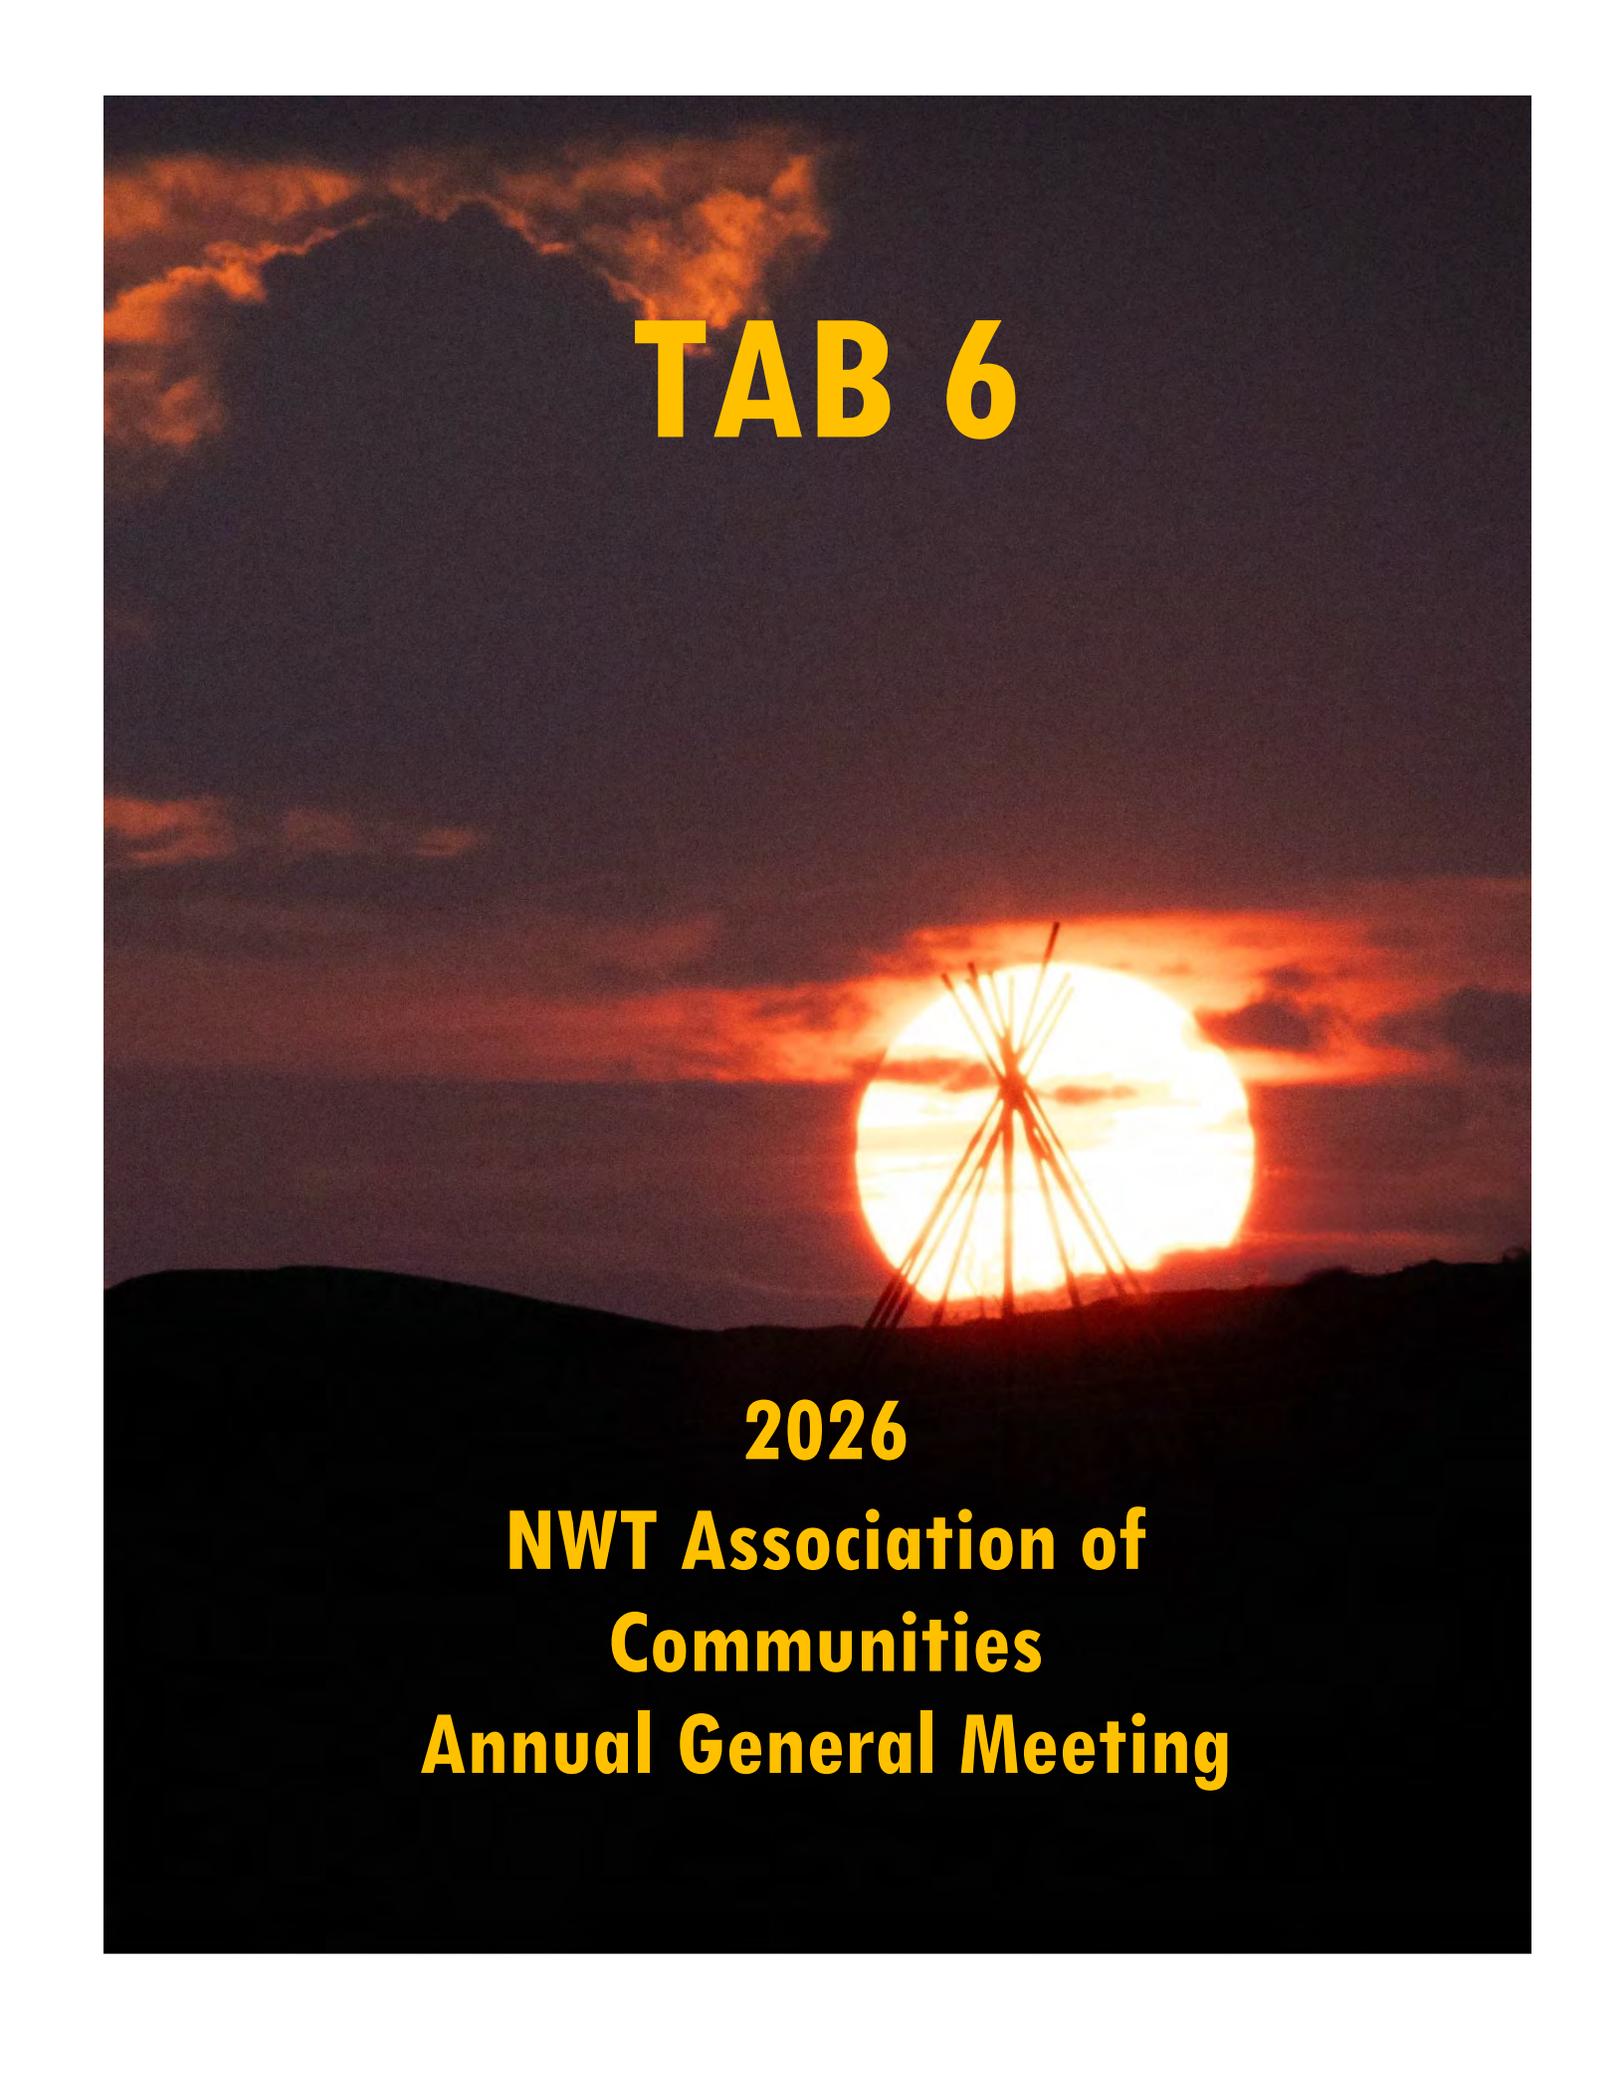

13.6 Interpretation

Any question or dispute relating to:

- 13.6.1 the interpretation and application of any provision contained in these Bylaws or any other constating documents of the Association;
- 13.6.2 the eligibility of any applicant to become a Member, Associate Member or Supporting Member of the Association;
- 13.6.3 the compliance of a Member, Associate Member or Supporting Member with these Bylaws or any other constating documents of the Association; or
- 13.6.4 any matter related to the operation of the Association pursuant to these Bylaws shall be referred to the Board, whose written decision shall be final.

Annual General Meeting**

2026 Prior Year Resolutions

Resolution Breakdown

Re-affirm

(RA) Refers to a resolution whose objective has not been achieved, and which should be actively pursued by the NWTAC Board of Directors.

Standing

(ST) Refers to a resolution that reflects a standing policy of the NWTAC. The objective may have been achieved once but may have to be restated because of a change in government ministers or department personnel. It also refers to a resolution not requiring active pursuit for one reason or another.

Delete

(DL) These resolutions have been deleted from the NWTAC policy manual.

Expired

(EX) As per resolution 2020-15 Lifespan of a Resolution, every NWTAC resolution has a lifespan of 4 years. It can be brought back for action at another time.

Internal

(INT) Internal policies are administrative matters.

NB. All active policies are reviewed on an annual basis for discussion / presentation at the Annual General Meeting.

NWTAC REAFFIRMED RESOLUTIONS

Resolution		GNWT Dept.	GNWT Response	NWTAC Membership Update (2026)	
No.	Title			Text	
RA-26-25-02	<p>Create a Plan for the Future of the Northwest Territories</p> <p>Back to Reaffirmed Resolutions</p>	<p>WHEREAS the economy of the North, and all of Canada, affects the services that communities in the Northwest Territories (NWT) can provide to their people; and</p> <p>WHEREAS the current government of the NWT needs to give more decision-making power back to the regions so that communities can have more control over decisions that affect them; and</p> <p>WHEREAS communities are now competing with each other for limited money and resources, which can hurt others, and this could be solved by having one clear vision and mission for the whole NWT; and</p> <p>WHEREAS it is important for the GNWT and community governments to work together on a strong plan for the future that benefits everyone;</p> <p>THEREFORE BE IT RESOLVED that the NWT Association of Communities ask the GNWT to lead a project to create a vision and plan for the future of the Northwest Territories. This plan should include ideas and input from all communities and Indigenous governments and explain where the NWT wants to be in 5 and 10 years; and</p> <p>BE IT FURTHER RESOLVED that this plan prioritize key issues related to Infrastructure, Environment and Climate</p>	EIA/ITI	<p>The GNWT operates under a consensus-based system of government, grounded in the Westminster tradition, where Ministers are accountable for the delivery of departmental mandates as guided by legislation and the collective priorities of the Legislative Assembly. This structure enables departments to lead on specific areas of responsibility, such as health, education, infrastructure, and climate change, while contributing to broader, cross-government goals.</p> <p>Through this approach, the GNWT can align departmental work under a shared direction, ensuring coordination across government and supporting long-term planning. It also allows for flexibility in responding to regional needs and encourages collaboration with Indigenous and community governments to ensure that decisions reflect the priorities and perspectives of residents across the Northwest Territories (NWT).</p> <p>The GNWT is committed to fulfilling its mandate and delivering on the priorities of the 20th Legislative Assembly through a transparent and accountable approach. This includes engaging with Indigenous and community governments, residents, and stakeholders to ensure decisions reflect the needs and aspirations of all Northerners.</p> <p>As part of the governments ‘Restoring Balance’ approach, the GNWT is working to stabilize the territory’s fiscal position while continuing to invest in critical programs and services that support community health and wellness, economic development, and overall well-being.</p> <p>The GNWT continues to engage in a variety of intergovernmental forums with Indigenous and community governments to support collaborative decision-making and shared planning efforts. Recognizing the value of a clear, long-term vision, the GNWT will continue to consider how to better align and coordinate existing strategic initiatives across departments in a way that reflects a sustainable path forward for the NWT.</p> <p>The GNWT, led by ITI, has identified the development of an Economic Vision for the Northwest Territories as a commitment in the 2023-2027 Mandate of the 20th Assembly. The intent behind the development of a</p>	<p>The NWTAC wants the GNWT to engage communities and provide regular updates on the Economic Vision and accompanying action plan to advance the vision.</p> <p>We also look forward to an update on the engagement process for the Vision as described in the Resolution response.</p> <p>NWTAC Resolutions Committee Recommendation: Keep as a Re-affirm Resolution</p>

Resolution		GNWT Dept.	GNWT Response	NWTAC Membership Update (2026)
No.	Title			
		Change, Education, Culture and Employment, Justice, and Health and Social Services and Executive and Indigenous Affairs with a focus on delivering equitable services to all, enhancing community health and wellness, and fostering economic growth that benefits all regions and individuals.	<p>Vision is twofold:</p> <p>Create a short visionary statement and accompanying set of universal measures that can guide the NWT as a whole towards an innovative future state where the following 20th Legislative Assembly's priorities are considered achieved:</p> <p>Suitability, accessibility and affordability of housing;</p> <p>A strong economic foundation;</p> <p>Access to health care and addressing the effects of trauma; and</p> <p>Safe residents and communities.</p> <p>Once completed, the Vision is intended to be a unifying platform which governments and communities in the NWT can use to guide decisions and support common priorities.</p> <p>To achieve a Vision that the GNWT, Indigenous governments and communities all feel is representative of their priorities, the GNWT will need to undertake robust engagement that inspires an envisioning of a future state from the community, regional and territorial perspectives.</p> <p>To that end, ITI and the NWTAC are exploring a partnership arrangement to develop and deliver an inclusive engagement process that includes Indigenous and community governments, youth, and elders.</p>	
RA-26-25-05	<p>Land is Vital for Municipalities to Grow their Communities and Taxbase</p> <p>Back to Reaffirmed Resolutions</p>	<p>WHEREAS access to land is vital for municipalities to grow their communities and taxbase;</p> <p>AND WHEREAS the Government of the Northwest Territories Department of Environment and Climate Change administers</p> <p>Commissioners Land and the land transfer process to municipalities.</p> <p>AND WHEREAS municipalities understand and support any required</p>	<p>ECC/MACA/FIN</p> <p>Supporting community governments with acquiring land requires support from multiple GNWT departments.</p> <p>MACA supports community governments to review their land management governance tools, including community plan bylaws, zoning bylaws and land administration bylaws, to support their identification of land needs and land acquisition.</p> <p>Community governments that have identified land requirements for future growth areas, such as housing or new community public infrastructure, as part of their community plans, are applying to ECC for land tenure and transfer.</p>	<p>NWT tax-based municipalities have limited land available for development. Within most municipalities there are significant amounts of vacant Commissioner's Lands within municipal boundaries. These lands should be made available to municipalities so that local development based on respective Community Plans and zoning bylaws can proceed, all while respecting the Duty to Consult and Indigenous interests in areas where Indigenous Rights Agreements have not yet been settled.</p> <p>The traditional process of seeking to acquire lands</p>

Resolution		GNWT Dept.	GNWT Response	NWTAC Membership Update (2026)	
No.	Title				Text
		<p>duty to consult with affected Indigenous communities under section 35, of the Constitution Act of Canada, federal and territorial legislation implementing the United Nations Declaration of the Rights of Indigenous Peoples as well as all modern and historic treaties in the territory.</p> <p>THEREFORE BE IT RESOLVED that the NWTAC urge the Government of the Northwest Territories undertake on a priority basis, the work necessary to undertake legislative analysis, options development, and engagement with NWTAC and its members to amend all relevant legislation to expedite the timely, legitimate, and practical transfer of Commissioners land to willing municipalities; and</p> <p>BE IT FURTHER RESOLVED best efforts be made by the Government of the Northwest Territories to complete this work, including legislative changes, within the life of the 20th Legislative Assembly.</p>	<p>In the 19th Assembly, ECC developed and shared its Process Guide and information on the bulk land transfer process with all tax-based community governments, as well as the Northwest Territories Association of Communities. ECC continues to make itself available to meet with community governments interested in initiating this process. Survey requirements, community zoning and bylaw development, as well as consultation are necessary steps to make sure there are appropriate legal authorities, governance, and administration systems and practices in place to acquire and dispose of land, and for the land to be legally registered under the name of the community. These requirements work to provide legal clarity associated with legal transfers of land to municipalities and prevent administrative issues for municipal governments, such as land disputes, title issues, mortgage difficulties, etc.</p>	<p>parcel by parcel is not efficient or effective. GNWT has developed a Process Guide to outline a current process step by step. However, the Process Guide does not clarify or streamline this process in any way.</p> <p>Therefore, the Board is proposing that NWTAC host a workshop with MACA and ECC to clarify and resolve issues relating to the process for the transfer of lands to municipal governments.</p> <p>NWTAC Resolutions Committee Recommendation: Reaffirm this Resolution</p>	
RA-26-25-06	Aurora College Community Learning Centre Closures	<p>WHEREAS Aurora College recently announced closures of Community Learning Centres in 19 communities</p> <p>WHEREAS there are huge educational disparities in the NWT.</p> <p>WHEREAS Remote communities depend on local learning centres for foundational education and skills development</p>	Aurora College/ ECE	<p>Under the Aurora College Act, the Aurora College Board of Governors is responsible for operational decisions of the College. Aurora College’s announcement in January 2025 that it will be closing the Community Learning Centres is an operational decision supported by the Board of Governors to facilitate the college’s plans to transition its delivery of Adult Literacy and Basic Education programs into a modern service delivery model which reaches all NWT communities.</p>	<p>The NWTAC looks forward to an update from GNWT ECE on the status of the former community learning centres for either alternative use or transfer to local/Indigenous governments.</p> <p>As well, we look forward to an update from Aurora College on the opportunities for learning in all NWT communities. While on-line learning is an important tool for learning, not everything can be done on line</p>

Resolution		GNWT Dept.	GNWT Response	NWTAC Membership Update (2026)
No.	Title			
	Back to Reaffirmed Resolutions	<p>WHEREAS Aurora College has since released data and made statements that the Community Learning Centres are an outdated and inefficient delivery method</p> <p>THEREFORE BE IT RESOLVED that Aurora College engage with the impacted communities to create alternative solutions that prioritize educational access</p> <p>BE IT FURTHER RESOLVED that Aurora College needs to design the replacement program before the Community Learning Centres are closed if they proceed with said closures.</p> <p>BE IT FURTHER RESOLVED indigenous, first nations and community governments have first right of refusal for the disposal of the building.</p>	Once ECE has determined which GNWT-owned facilities will be declared surplus, ECE will be in a position to hear from leadership and communities on ideas for future facility use prior to initiating the disposal process. Once that is completed, ECE will engage Indigenous and community governments further on their future use.	and there is a need still for on-the-ground in-person learning to support online options. NWTAC Resolutions Committee Recommendation: Reaffirm this Resolution
RA-26-25-07	<p>Renewed NWT Energy Strategy</p> <p>Back to Reaffirmed Resolutions</p>		<p>INF/ ECC</p> <p>Energy affordability, reliability and sustainability has been the main focus of the 2030 Energy Strategy. This will continue to be the focus of the GNWT's new strategic approach to energy, with an added emphasis on sustainability to meet net-zero emissions by 2050. This is in line with the United Nations Sustainable Development Goal 7. The GNWT actively reports on initiatives undertaken to support energy affordability under the current 2030 Energy Strategy in its annual Energy Initiative Report and will continue to do so.</p> <p>The new strategic approach to energy will consider the realities of regions, communities, stakeholders, and energy sectors.</p> <p>As of 2023-24, GNWT actions and initiatives under the 2022-2025 Energy Action Plan have resulted in cumulative savings estimated at about \$17 million in 2024 through reduction of diesel use. We estimate those cumulative savings will be about \$28 million by 2028. GNWT investment to reduce energy costs for the Northwest Territories due to the Energy</p>	<p>The NWTAC looks forward to reviewing a draft of the renewed Energy Strategy before March 2026 and to engaging on the action plan that will follow.</p> <p>There will be opportunities to learn about the Energy Policy at the 2026 AGM</p> <p>NWTAC Resolutions Committee Recommendation: Reaffirm this Resolution</p>

Resolution		GNWT Dept.	GNWT Response	NWTAC Membership Update (2026)
No.	Title			
			<p>Strategy is on track to achieve about \$150 million in savings between 2018 to 2028.</p> <p>The total GNWT investment made in the energy system under the 2030 Strategy from 2018 to 2024 was \$195 million. All of this helped keep energy more affordable, reliable, and sustainable in the Northwest Territories.</p> <p>The GNWT also provides significant energy subsidies to Northwest Territories’ residents – including \$17.3 million in 2023-24 for the Territorial Power Subsidy Program, the GNWT Rate Equalization program, and the Senior Home Heating Program and governments in Northwest Territories Power Corporation (NTPC) communities paying higher electricity rates to reduce rates to other clients.</p> <p>As well, the GNWT under the 2030 Strategy is providing as much as \$120 million to NTPC to keep its capital costs down, which directly benefits electricity rates.</p> <p>The GNWT has also provided one-off subsidies to NTPC to prevent significant hikes in electricity rates in the face of exceptional circumstances. For example, \$45 million has been provided in recent years to support diesel generation as the North Slave grid is experiencing an extreme low water event. Similarly, an additional \$48 million has been allocated to mitigate rate increases for electricity over the next four years.</p> <p>The net-zero objective is a driver that will support addressing our energy infrastructure deficit while advancing energy security and affordability.</p> <p>Working with Indigenous and community governments will also be central to the new energy strategy, as this is something we heard during the engagement conducted in 2023 and 2024.</p> <p>The GNWT will produce a costed action plan after the new energy strategy is released by March 2026.</p> <p>ECC supports INF with any work towards a renewed NWT Energy Strategy.</p>	

Resolution		GNWT Dept.	GNWT Response	NWTAC Membership Update (2026)
No.	Title			
RA-26-25-08	Supply Chain Analysis Back to Reaffirmed Resolutions	<p>WHEREAS Recent events like evacuations, low water levels, mild winters, and damage to infrastructure have seriously impacted on supply chains in the NWT and demonstrated their serious sensitivity to climate change</p> <p>THEREFORE BE IT RESOLVED THAT the GNWT have a Supply Chain Strategic Analysis completed for the entire territory including a risk assessment that includes among other things climate change and alternative routes.</p> <p>BE IT FURTHER RESOLVED that this analysis should also include recommendations to reduce this vulnerability</p>	<p>INF/ECC</p> <p>The GNWT recognizes the challenges affecting supply chains, including disruptions from evacuations, low water levels, mild winters, and infrastructure damage. These events highlight the vulnerability of supply chains due to climate change and disruptions to services provided by marine operators, air carriers and CN Rail.</p> <p>The GNWT continues to work with key stakeholders to understand supply chain vulnerabilities and improve resilience in both the short and long term. As part of recent changes to Ministerial portfolios, Strategic Initiatives, Energy, and Supply Chains (SIESC) have been established within the Department of INF to focus on major projects to advance economic growth, energy security, climate resilience and Arctic sovereignty. Minister Responsible for SIESC is former INF Minister Caroline Wawzonek. This realignment will enhance efforts to strengthen supply chain reliability, particularly through major infrastructure projects.</p> <p>Supply Chain Analysis may be a much longer-term action item for the GNWT. A key risk identified in the NWT Climate Change Risk and Opportunities Assessment is that "Supply chains in the NWT are being disrupted as the impacts of climate change intensify."</p> <p>ECC has identified a risk in the Climate Change Risk and Opportunities Assessment that Supply Chains in the NWT are being disrupted as the impacts of climate change intensify.</p> <p>This assessment has been developed to create a shared understanding of the most pressing climate risks that NWT residents and communities are facing. These results will enable both the GNWT and its partners to work together more effectively to seek and secure adaptation funding, resources and capacity building on shared priorities to address these risks.</p>	<p>The GNWT has established a Ministerial portfolio for Strategic Initiatives, Energy and Supply Chains. This appears to be a constructive response to seeking to manage the complex factors influencing supply chain across the NWT. It also sends a message to the many partners and stakeholders that the GNWT is working on this and will want them to act as well. We look forward to an update on the work undertaken within this portfolio.</p> <p>Assessing risk is a critical part of this process which is fully within the control – in doing so, GNWT can use this information to inform the next steps which includes actions and strategies to respond when needed. NWTAC wants to see the Climate Change Risk and Opportunities Assessment, and engaging with GNWT to confirm the shared priorities that are needed to address the risks.</p> <p>NWTAC Resolutions Committee Recommendation: Reaffirm this Resolution</p>
RA-26-25-09	Pellet Supply Chain Back to Reaffirmed Resolutions	<p>WHEREAS the GNWT already facilitates oil and gas resupply to many communities and</p> <p>WHEREAS the GNWT also has the fostering of biomass in their Energy Strategy</p> <p>WHEREAS It needs to be established that</p>	<p>ITI/INF/ECC</p> <p>The GNWT supports regional economic development projects aimed at fostering sustainability in communities, while also recognizing the supply chain challenges faced by remote areas. To address these issues, the GNWT actively supports local and regional initiatives to eliminate obstacles and has undertaken ongoing efforts to understand and resolve supply chain challenges for biomass products in NWT communities, particularly those situated in the High Arctic.</p>	<p>GNWT has confirmed that biomass is relatively cost effective across the NWT as compared to heating oil. While the private sector is instrumental in getting biomass to market in NWT communities, we look to the GNWT to support the expansion and stabilization of biomass through its own purchasing programs and</p>

		<p>burn areas have the opportunity to be harvested</p> <p>WHEREAS burn area harvesting will improve fire protection</p> <p>THEREFORE BE IT RESOLVED that the GNWT foster and facilitate the delivery of pellets to communities and their subsequent delivery within communities</p> <p>AND FURTHER THAT and analysis of burn area harvesting and its recommendations be implemented.</p>	<p>The GNWT worked with Inuvik-based Nihtat Energy Ltd to complete a biomass supply chain study in 2023. The study examined and outlined the conditions necessary for cost-effective supply of wood pellets by barge in 12 remote communities along – or in the vicinity of – the Mackenzie River.</p> <p>The study included the development of community heat load profiles, a review of logistical requirements to supply wood pellets in each community, as well as an assessment of the landed cost of wood pellets in each community, which were compared against the cost of traditional fuel. The study was conducted by a consultant and involved a workshop with key GNWT players in the Department of Infrastructure including its Energy, Design and Technical Services, Fuels Service Division, and Marine Transportation Services divisions.</p> <p>The study found wood pellets to be a cost-effective alternative to heating oil in most communities included in the study. It also found that private investments were quite successful at creating supply chains in the Sahtu and the Dehcho, with limited or no public funding – though the GNWT is one main customer. The study also identified challenges to using more biomass in remote communities include a lack of supply options and storage, as well as climate change, which can hamper the reliability of transporting biomass products like wood pellets.</p> <p>The GNWT supports the recently announced addition of wood pellet bulk storage and handling capacity in Inuvik, to serve several communities in the Beaufort-Delta.</p> <p>Forest Management Agreements (FMA) are enabled under the <i>Forest Management Act</i> for harvesting wood from defined areas by forest industry development, including for burnt areas. Several FMAs exist in the South Slave region of the NWT.</p> <p>A wood pellet mill in the Enterprise area has been examined for the past 10 years by AWP Industries.</p> <p>The GNWT supports tree harvesting in burned areas. The number of Free Timber Cutting in burned areas along the highway system has been high in recent years. Commercial harvesting is also supported in recently</p>	<p>utilization. The NWTAC looks forward to an update. NWTAC Resolutions Committee Recommendation: Reaffirm this Resolution; review the GNWT’s January 2026 Report</p>

RA-26-25-13 Original 20-16	Building Code Act Back to Reaffirmed Resolutions	WHEREAS at this time, the Northwest Territories (NWT) is the only jurisdiction within Canada without a regulatory building regime framework. Compared to our sister territories, the Yukon Territory and Nunavut, the NWT does not have any legislation that regulates construction in detail. The Yukon Territory has a Building Standards Act and Nunavut has a Building Code Act. The NWT does not have similar legislation, leading to an absence of clear building- related responsibilities for municipalities. WHEREAS through the Cities, Towns, and Villages (CTV) Act, CTV's can choose to adopt by-laws to regulate the safety, health and welfare of people and the protection of people and property. Pursuant to this, the City of Yellowknife has chosen to create the Building By-law, that regulates local construction; however, the CTV Act does not formally define the building- related	INF/MACA	In May 2022, MACA released the Fire Prevention Act (FPA) Discussion Paper: Review of the FPA and Consideration of Building Standards Framework and a 'What We Heard Report' was released in August 2022 following analysis of the engagement on the discussion paper. MACA recognizes that updates to the FPA do not fully address the need for a building standards framework, and there is strong support from the 'What We Heard Report' to	Advancing development of a Building Standards Framework for the Northwest Territories is a large, multi-departmental initiative requiring dedicated funding, resources, coordination and a substantive engagement process. The Departments of Infrastructure Municipal and Community Affairs, and Housing NWT will continue to work together to develop the scope, resource plan and a schedule in 2024-25.	A working group consisting of the Departments of Infrastructure, Municipal and Community Affairs, and Housing NWT was commissioned in 2024 and met regularly to review options in developing an NWT Building Standards Framework. This working group is in the process of acquiring resources to further develop options and perform meaningful stakeholder engagement. The development of a Building Standards Framework is a complicated	Significant progress has not been made on this important issue. NWTAC Resolutions Committee recommendation: Reaffirm this Resolution.

ST-26-20-10-C	NWT Education Reform Return to Standing Resolutions	<p>WHEREAS education is a powerful agent of change that can improve health and livelihoods, contributes to social stability and long-term economic growth and is essential to community well-being. And by recognizing the power of education, policy makers can better address diverse societal challenges, which municipal governments increasingly have to contend with.</p> <p>AND WHEREAS the three-year education renewal action plan entitled "Education Renewal and Innovation Framework, Directions for Change" published in 2015 states, "The current approach to education is not producing the overall levels of student achievement that we need and should reasonably expect for the investments that are being made.";</p> <p>WHEREAS it was recognized in NWTAC Resolution 2019-14 that;</p> <ul style="list-style-type: none"> • ECE has responsibility to provide essential and basic educational programming in the NWT to all communities; • It is recognized/acknowledged that there are deficiencies and lack of adequate programming and resources in many communities; • GNWT has identified a desire to improve public education in the NWT via Education Renewal and "Early Childhood Framework;" 	ECE	<p>In 2018-2019, the Department of Education, Culture and Employment (ECE) conducted a Formative Evaluation of the Education Renewal and Innovation Framework (ERI Evaluation). During the same time, the Office of the Auditor General of Canada (OAG) conducted a performance Audit (OAG Audit) of early childhood to Junior Kindergarten to Grade 12 (JK-12) education in the Northwest Territories (NWT).</p> <p>ECE has created a revised Action Plan for ERI that follows ECE's approach to improving student outcomes; first starting with actions that focus on quality early learning and child care, through to those actions that support a quality JK-12 education system.</p> <p>The actions are categorized into the following seven themes:</p> <ul style="list-style-type: none"> •Theme 1: Quality Early Learning and Child Care •Theme 2: Workforce Development and Capacity Building •Theme 3: Curriculum and Student Assessment •Theme 4: Student Supports 	<p>The Action Plan to Improve JK-12 Student Outcomes includes actions that focus on quality early learning and child care, through to actions that support a quality JK-12 education system. Each identified action includes associated deliverables and timelines. This Action Plan has been the focus of ECE's work over the last two years, with an online Action Tracker providing the real-time status of each action.</p> <p>Two key actions within the Action Plan include: modernization of the Education Act and renewal of JK-12 school curriculum.</p> <p>1. Education Act Modernization</p> <p>The approach to Education Act Modernization is collaborative and every effort is being made to be inclusive and responsive as changes to the legislation are considered. Based on what we heard through engagement with Indigenous governments, education bodies, stakeholders and the public, the Education Act Modernization Project is continuing as a two-phased project.</p> <p>Phase 1 will address technical challenges in the education system, clarifying authorities and enabling Ministerial access to education system information to evaluate student</p>	<p>This continues to be an important theme.</p> <p>NWTAC Resolutions Committee Recommendation:</p> <p>STANDING - NWTAC will continue to monitor this issue.</p>

				2021/2022	2023/2024/2025	
		In the IOA model, performance is defined in terms of the organization’s effectiveness (mission fulfillment), efficiency (accuracy, timeliness and value of service and program delivery), ongoing relevance (the extent to which an organization adapts to changing conditions and its environment), and financial viability. The model also presents an approach to assessing the three underlying forces that drive performance: the capacities of an organization, its external environment, and its internal context or motivation.		<p>•A balance between coordinated education system requirements, and the need for communities to have a voice in the delivery of education programs;</p> <p>•Structure, resources, and necessary flexibility for the provision of language and cultural programing.</p> <p>ECE has begun engagement with Indigenous Governments, other education partners, stakeholders and the public between mid-March and June 30, 2021 toward the development of a Legislative Proposal for a new or revised Education Act.</p> <p>2. JK-12 Curriculum Renewal</p> <p>The current JK-12 curriculum is becoming out of date and is in need of renewal. Currently, the NWT uses curriculum from a variety of western provinces, but the high school curriculum is predominantly from Alberta with ECE producing specific northern-based curriculum.</p> <p>With Alberta changing their direction in curriculum development, ECE has begun formal engagement with key NWT education partners, including Indigenous governments, education bodies, and the NWT Teachers’ Association (NWTTA), to gather feedback and input of the renewal of the NWT JK-12 school curriculum and the possibility of exploring a new provincial partnership.</p>	<p>next steps in the renewal of the school curriculum.</p> <p>The focus of the work of Curriculum Renewal in the 2022-2023 school year is planning for implementation and transition to the new curriculum.</p> <p>Key pieces of this work include:</p> <ul style="list-style-type: none"> • Minimum Graduation Requirements – to be completed by February 2023 • Teacher Training Plan – to be completed by March 31, 2023 • Adaptation of the BC curriculum – drafts for Grades 4-6, and 9 to be completed May 2023 • Student Assessment Renewal Plan - to be completed by June 2023 • Student Information Systems and Operations Updates – ongoing throughout the entirety of the project. <p>ECE is currently engaging with key education partners and Indigenous Governments for their feedback on the implementation planning topics above, which are required to support a successful transition.</p> <p>A detailed communications plan has been developed to provide information territory-wide that coincides with the completion of key pieces of work, as well as targeted communications to provide important</p>

				2021/2022	2023/2024/2025	
				<p>ECE remains cognizant that the development and implementation of this Action Plan is just one step toward improving student outcomes. If this Action Plan is to be successful, education bodies, Indigenous governments and organizations, communities, educators, families, and students themselves must have a role to play in improving student outcomes in the NWT.</p>	<p>information specific to key education stakeholders as and when necessary.</p> <p>ECE remains cognizant that the development and implementation of this Action Plan is just one step toward improving student outcomes.</p> <p>If this Action Plan is to be successful, education bodies, Indigenous governments and organizations, communities, educators, families, and students themselves must have a role to play in improving student outcomes.</p> <p>Post-COVID Support for JK-12 Education</p> <p>As education systems move from a state of emergency response to a lengthy period of recovery, the focus in the education system is shifting to helping students recover from disruptions to instruction that occurred during the pandemic. As with other Canadian jurisdictions, there are substantial data gaps in assessing COVID-19's impact on NWT students, as attendance and attainment levels were hampered during the pandemic. The GNWT continues to assess and support the needs of educators and students, including needs directly related to the impacts of the pandemic.</p> <p>Since August 2022, ECE has been maintaining a COVID-19 Impact Indicators Report on the JK-12 Education System: a living document that provides a comprehensive assessment of the pandemic impact on the NWT JK-12 education system</p>	

Resolution No.	Resolution Title	Resolution Text	GNWT Dept. Responsible	GNWT Response		NWTAC Recommendation 2026
				2021/2022	2023/2024/2025	
					<p>and guides the system's shift to helping students recover from COVID-19-related disruptions. In the coming years, ECE anticipates that grades, test results, and graduation rates will be lower than in pre-pandemic years. Further research is required to provide a more comprehensive analysis of the impact of the pandemic on the education system.</p> <p>RECOMMENDATION: COVID- 19 surely brought to our attention how we educate people to the forefront. NWTAC will continue to work with the GNWT to ensure everyone in the NWT is offered the highest level of education. Due to COVID the Action Plan of ECE changed everything.</p>	
ST-26-19-10	<p>Climate Change Adaption</p> <p>Return to Standing Resolutions</p>	<p>WHEREAS Climate Change is occurring in the North at more than twice the rate of the rest of Canada;</p> <p>AND WHEREAS The North is particularly vulnerable to climate change due to its reliance on temperature sensitive systems such as permafrost;</p> <p>AND WHEREAS All NWT communities are experiencing the impacts of climate change;</p> <p>AND WHEREAS the 2018 NWT Climate Change Forum and Charrette was an important gathering where communities voiced their concerns and the challenges they face in addressing vulnerabilities caused by the climate change.</p> <p>AND WHEREAS taking proactive tactics to addressing climate change adaptation is the preferred approach;</p>	ECC	<p>Building resilience and adapting to a changing climate is a priority for the GNWT and is reflected in the GNWT Mandate 2019- 2023.</p> <p>All GNWT departments are cooperating to implement the 2019-2023 Action Plan, which is in its third year of implementation.</p> <p>Communities are on the frontlines of climate change and ENR continues to work closely with the NWTAC on climate change adaptation actions.</p> <p>ENR continues to partner with NWTAC to fund an annual Community Climate Change Award valued at \$5,000.</p> <p>In 2021, Tuktoyaktuk was awarded for</p>	<p>Building resilience and adapting to a changing climate is a priority for the GNWT and is reflected in the GNWT Mandate 2019-2023 as well as in the NWT Climate Change Strategic Framework.</p> <p>ECC is developing a territory-wide Climate Change Risks and Opportunities Assessment to build a shared understanding across the NWT of climate change adaptation priorities. ST-26-19-10-C	Hazard Mapping Return to Standing Resolutions	<p>WHEREAS Hazard mapping is a critical element in climate change adaptation and building the resiliency of communities;</p> <p>AND WHEREAS Hazard mapping is not a one size fits all type of undertaking and requires collaboration across many disciplines and organizations;</p> <p>AND WHEREAS securing funding to develop and apply Hazard Mapping is critical to their completion;</p> <p>THEREFORE BE IT RESOLVED THAT the GNWT work with the NWTAC and other partners to ensure that hazard maps are developed by the GNWT in a timely and strategic manner.</p> <p>AND FURTHER THAT the federal government should ensure that adequate funding is available to complete hazard mapping for all NWT communities;</p> <p>AND FURTHER THAT the NWT Association of Communities work with the GNWT and other partners to identify opportunities to support communities in participating in the development of hazard maps and their application to community planning by developing tools for outreach, communication, education and training.</p>	ECC/MACA	<p>As outlined in action items 3.12A of the 2019-2023 Action Plan, ENR is the lead for the design of a community hazard mapping program. NWTAC is a key partner along with MACA and other GNWT departments, community governments and the federal government.</p> <p>An advisory team is in place to guide the development of the hazard mapping program and the NWTAC's participation on this advisory team is extremely valuable.</p>	<p>As severe weather events and climate change hazards (flooding, wildfire, permafrost thaw, coastal erosion, shortened ice road seasons, etc.) continue to occur in the NWT, the GNWT recognizes the need for Community Hazard Maps to support sound economic, social, and environmental decision-making.</p> <p>Several GNWT departments including MACA, ENR, Lands, ITI (NWT Geological Survey), and the NWT Centre for Geomatics, continue to collaborate on hazard mapping activities. NWTAC will be engaged as this work progresses.</p> <p>Northwest Territories Geological Survey (NTGS) and the Centre for Geomatics advanced surficial mapping (a key component needed for hazard mapping) in communities across the NWT. NTGS led a community geotechnical and geospatial libraries project that supported the compilation of geotechnical, permafrost and spatial datasets for seven communities in the NWT: Inuvik, Fort McPherson, Norman Wells, Tulita, Whatì, Behchoko' and Yellowknife/Dettah.</p> <p>NTGS also completed a permafrost thaw sensitivity analysis in the surrounding areas of all NWT communities. Results were</p>	<p>This continues to be an important theme that requires action within the context of climate change and emergency response themes.</p> <p>NWTAC Resolutions Committee Recommendation:</p> <p>STANDING - NWTAC will continue to monitor this issue and work with the GNWT.</p> <p>Hazard Mapping Gaps Analysis and Action Plan work is in process by NWTAC</p>

Resolution No.	Resolution Title	Resolution Text	GNWT Dept. Responsible	GNWT Response		NWTAC Recommendation 2026
				2021/2022	2023/2024/2025	
					<p>circulated, including during the NWTAC AGM.</p> <p>NRCan has developed a series of guidelines to help advance flood mapping activities across Canada. As a result of funding received through the Federal Hazard Identification and Mapping Program, ENR and the Centre for Geomatics are working with NRCan and Environment and Climate Change Canada to develop more specific flood mapping method guidelines that will be applicable in potentially data-poor locations prone to ice-jam flooding. These draft guidelines are to be completed by March 2023, and will facilitate the development of NWT-specific guidelines.</p> <p>Next steps include the development of flood inundation maps for NWT communities at risk of flooding.</p> <p>Federal funding continues to be pursued to support the capacity of the territory to better adapt to climate change.</p> <p>NWTAC Resolution Committee Recommendation:</p> <p>STANDING: NWTAC will continue to work with GNWT on this resolution.</p> <p>NWTAC has secured funding to do Hazard Mapping Gaps Analysis and Action Plan</p>	
ST-26-19-10-F	Research	WHEREAS Most communities have not been involved in setting the research agendas in their communities;	ECC	The GNWT will engage with NWTAC on renewal of the Knowledge Agenda. Opportunities for NWTAC and communities	The renewal of the GNWT Knowledge Agenda began in 2022. As part of the renewal, the NWTAC will be asked for input. In the longer term, the goal is to transition	This continues to be an important theme.

					<p>Councillors, Mainstreaming Climate Change for Community Planning, and Climate Change, along with the online course “Integrating Climate Change Measures into Municipal Planning and Decision Making”</p> <p>MACA is working with ENR to revise and refresh an existing climate change course. The material will be targeted to different audiences in NWT communities (i.e. Council, senior staff, junior staff).</p> <p>MACA will incorporate Climate Change into workshop and course material where appropriate.</p> <p>\$4.167 million has been added to Community Government Funding since 2020-21 to support the reduction in the funding gap to meet municipal core needs</p> <p>It is anticipated that community governments will put some of this funding towards infrastructure impacted by climate change. The federal Investing in Canada Infrastructure Fund for Community governments continues to target community roads and solid waste sites.</p> <p>NWTAC Resolution Committee Recommendation:</p> <p>STANDING – more work is needed on this resolution. NWTAC will work with the GNWT to further action on this resolution.</p>	

Resolution No.	Resolution Title	Resolution Text	GNWT Dept. Responsible	GNWT Response		NWTAC Recommendation 2026
				2021/2022	2023/2024/2025	
ST-26-19-10-H	Emergency Management Plans Return to Standing Resolutions	<p>WHEREAS Extreme weather events are becoming more frequent</p> <p>AND WHEREAS This makes the importance of emergency planning and status of emergency plan completion and implementation in communities more critical</p> <p>AND WHEREAS It is critical that emergency plans incorporate the consideration of climate change forecasting and predicted impacts into planning</p> <p>THEREFORE BE IT RESOLVED THAT GNWT allocate adequate funding and support to update emergency management plans to include climate change and provide resources to fully implement plans for every community in a timely and strategic manner.</p>	MACA	<p>The territorial Emergency Management Act requires communities to update their emergency plans annually. MACA supports community governments to update plans and to improve their capacity through workshops and table-top-exercises at a community's request. The GNWT's emergency management approach incorporates key considerations associated with climate change.</p> <p>The GNWT supports community governments who are developing projects to address specific climate changes risks by supporting specific mitigation options.</p> <p>MACA continues to work with Public Safety Canada by encouraging changes in funding programs that support planning efforts for disaster mitigation and adaptation.</p> <p>MACA continues to support implementation of the 2030 NWT Climate Change Strategic Framework. Related activities in the Strategy include, support for improved community participation in research and monitoring initiatives, the completion of hazard mapping for vulnerable communities, increased monitoring of climate change impacts on community shorelines, transportation system assets and building foundations, and improved wildfire suppression planning and adoption of FireSmart principles in communities.</p>	<p>The territorial Emergency Management Act requires communities to update their emergency plans annually.</p> <p>In recent years, the Emergency Management Organization (EMO) has had limited capacity to assist community governments to update their community emergency plans. Lessons learned from the COVID-19 pandemic and the 2021 and 2022 flood seasons have prompted some improvements to the EMO.</p> <p>Historically, MACA's EMO has had limited capacity, with only two dedicated positions located at headquarters in Yellowknife and no dedicated staff in the regional offices.</p> <p>MACA has increased EMO capacity by establishing one Regional Emergency Management Coordinator position in each of its five regional offices.</p> <p>MACA is committed to assisting community governments to update community emergency plans and improve emergency capacity. Supports include:</p> <ul style="list-style-type: none"> • Resumption of community emergency planning workshops which had been on hold given the COVID-19 pandemic and unprecedented flooding in 2021 and 2022. Community governments can reach out to the MACA Regional Office to request a workshop. • Renewed effort to support communities in validating emergency plans via table-top 	<p>This continues to be an important theme that ties into the work of the EMWG and the amendments to the <i>Emergency Management Act (EMA)</i></p> <p>NWTAC Resolution Committee Recommendation:</p> <p>STANDING: more work is needed on this resolution. NWTAC will work with the GNWT on this resolution. Moving forward on this is key to the roles and responsibilities component of the EMA revisions.</p>

				<p>or flooding of river systems due to climate change.</p> <p>The Department of Environment and Natural Resources (ENR) can work with the Department of Municipal and Community Affairs (MACA), and community governments to help identify vulnerable areas and prepare adaptation plans to reduce risks. In the event MACA undertakes work associated with the protection or relocation of infrastructure affected by erosion, ENR could contribute technical input to this process.</p> <p>MACA has re-established its Community Planning Unit, within the new Community Governance Division. Land use planning is one of the most effective processes to facilitate local adaptation to climate change. Land use planning refers to the processes and instruments to manage the use of land and the physical development of a community.</p> <p>Shoreline Erosion issues can and should be taken into consideration when community governments update their community land use planning tools, including: community plans, zoning bylaws, development permits, and other development policies that may be used to minimize risks to communities in these areas experiencing erosion, landslides and other natural hazards.</p> <p>As the climate changes, so will the frequency and magnitude of climate-</p>	<p>Long-Term Change Detection (LTCD) product and high-resolution satellite imagery. Furthermore, work is now underway to conduct a quantitative comparison of the LTCD results alongside historical models of shoreline change developed by the Cultural Places Program, to verify the utility of LTCD data in detecting coastal erosion at known archaeological sites.</p> <p>NWT EMO supports communities who require assistance in updating and reviewing their plans annually by providing a Community Emergency Planning Template and offering Community Emergency Planning Workshops. The EMO's Community Emergency Planning Template incorporates a method for communities to identify and rank hazards including climate change related hazards (e.g. floods, blizzards, wildland fires, permafrost thaw, coastal erosion).</p> <p>The GNWT is taking action by updating the Hazard Identification Risk Assessment and supporting hazard mapping in land use plans and community plans.</p> <p>The GNWT has also completed high-level reports for community infrastructure risk assessments and will support communities to develop sustainability and mitigation plans for their infrastructure most at risk.</p> <p>The GNWT is advocating for funding for planning for mitigation and adaptation to</p>

				are few mitigation measures that can be implemented to address major ground movement events that can happen with little or no warning.		
ST-25-17-25	Decentralization of Jobs and Services Return to Standing Resolutions	WHEREAS as long as the GNWT has a policy to support decentralization of government Services and positions; and WHEREAS Communities rely on economic decentralization to support their local economies, THEREFORE BE IT RESOLVED THAT the GNWT put greater emphasis on ensuring that GNWT positions are equitably distributed throughout the NWT Communities.	EIA	The GNWT continues to reallocate positions to communities and looks to establish new positions in regional centers and other communities whenever it is appropriate to do so. Where it makes economic sense or the reallocation of a position can be justified in order to meet new service delivery requirements the GNWT will follow through with this commitment. An example of this process in action has been the establishment of 23 Government Service Officer positions at the community level in the NWT over the past several years. In 2016 the GNWT also introduced the Regional Recruitment Program, a training and development initiative that creates employment opportunities for potential employees by linking vacant regional positions with relevant on-the-job work experience.	The GNWT continues to reallocate positions to communities and looks to establish new positions in regional centers and other communities whenever it is appropriate to do so. 		<p>WHEREAS most of the communities have reached that cap, and expressed this cap and associated conditions to be an impediment in achieving their energy goals,</p> <p>WHEREAS the GNWT released early 2022 a 'Renewable Energy Penetration Analysis' report, whose first key finding is as follows: “Remote off-grid communities in the NWT can likely accept up to 45% intermittent renewable energy into their electricity grids without compromising their stability.”</p> <p>WHEREAS the GNWT 2022-2025 Energy Action Plan has an action item titled “Give policy direction to the PUB to address intermittent renewable generation community capacity limits”</p> <p>WHEREAS this action item comes with associated funding as follow: 30k\$ for 22/23, none for 23/24, and none for 24/25,</p> <p>WHEREAS the availability of federal funding related to</p>			<p>Changes to the territorial electricity systems overwhelmingly drew the most comment throughout the engagement, and we note this theme was largely covered in NWTAC’s own submission to the GNWT. Feedback largely pertained to the need to increase the existing cap on intermittent generation in remote communities, update rules for the net metering program, and establish a clear independent power production policy. Ultimately, any changes would be designed to support increased Indigenous and community ownership of clean electricity projects across the NWT.</p> <p>The GNWT summarized the findings from the</p>	<p>are ones where electricity is generated by fossil fuels.</p> <p>The study that the GNWT commissioned to understand the impact of intermittent renewables on the grids of thermal communities did determine that the cap might be able to be increased to 45 percent. However, the GNWT prefers a more gradual approach to increasing the cap as results of a study may not fully represent the real-world situation in the NWT.</p> <p>As part of this suite of policy directives, the GNWT is also proposing to expand the net metering program and adjust the net metering compensation rate to limit rate impact.</p> <p>It’s important to note that the PUB will determine if the intermittent</p>

2026-01- Medical Escort Policy & Medical Travel Priority Seating

WHEREAS access to timely and reliable medical travel is essential for the health and safety of residents in remote and isolated communities; and

WHEREAS the current medical escort policy is age-specific and does not consistently reflect medical, cultural, or caregiver needs; and

WHEREAS medical travel passengers and escorts from remote communities experience limited access to priority seating, delayed bookings, and flight disruptions that affect medical outcomes;

NOW THEREFORE BE IT RESOLVED that the Government of the Northwest Territories (GNWT) be requested to conduct a review of the medical escort and medical travel booking policies affecting remote and isolated communities;

AND BE IT FURTHER RESOLVED that the review include:

- a) Flexibility in medical escort eligibility beyond age-based criteria;
- b) Improved priority seating for medical travel passengers and approved escorts;
- c) Earlier and proactive booking of medical travel where possible; and
- d) Consistent application of policies across all remote communities.
- e) Consideration of a dedicated medical travel liaison position to support patients with exceptional needs, address personal and cultural considerations, and provide follow-up throughout the medical travel process.

2026-02 Access to Social Work & Youth Mental Wellness Services

WHEREAS social work and youth mental wellness services are critical to community well-being, safety, and early intervention in remote and isolated communities; and

WHEREAS communities periodically experience **no on-site social worker or youth mental wellness support**, creating service gaps during times of crisis or increased need; and

WHEREAS limited staffing capacity and travel constraints compound challenges in delivering consistent mental wellness services in small northern communities;

NOW THEREFORE BE IT RESOLVED that the Government of the Northwest Territories (GNWT) be requested to review service delivery models for social work and youth mental wellness services in remote and isolated communities;

AND BE IT FURTHER RESOLVED that the review consider:

- a) Minimum service coverage standards for social work and youth mental wellness;
- b) Improved continuity of services during staff absences or vacancies;
- c) Enhanced community-based, mobile, or hybrid service delivery models; and
- d) Long-term strategies to improve recruitment and retention in remote communities.
- e) That the Government of the Northwest Territories ensure adequate and sustained funding for community based healing and wellness programs, supported by long-term financial commitment.

2026-03 Return to Regional Hosting of Arctic Winter Games Trials

WHEREAS the Department of Municipal and Community Affairs (MACA) announced in the summer of 2025 that the January trials for the 2026 Arctic Winter Games (AWG) will be centralized in Yellowknife; and

WHEREAS previous Arctic Winter Games trials have been hosted in regional centres, including Hay River, providing equitable opportunities for athletes across the Northwest Territories to participate; and

WHEREAS centralizing the trials in Yellowknife places a disproportionate financial and logistical burden on athletes and families from outside of Yellowknife, creating barriers to participation and potentially excluding athletes from competing; and

WHEREAS the removal of trials from regional centres negatively impacts local economies, which rely on increased visitation and associated spending in the service sector to support economic sustainability; and

WHEREAS communities outside of Yellowknife have invested significant resources—totaling millions of dollars—into developing high-quality sport and recreation facilities that meet or exceed territorial standards; and

WHEREAS failing to utilize these facilities for territorial events such as the AWG trials undermines both the opportunities available to athletes and the investments made by local sponsors, organizations, and residents; and

WHEREAS hosting trials in regional centres supports community well-being by fostering volunteerism, strengthening community cohesion, and encouraging broader participation and interest in sport;

NOW THEREFORE BE IT RESOLVED THAT the Northwest Territories Association of Communities (NWTAC) formally requests that MACA reconsider its decision and reinstate future regional hosting of the Arctic Winter Games trials; and

BE IT FURTHER RESOLVED THAT the NWTAC urges MACA to adopt an equitable hosting model for future Arctic Winter Games trials that ensures fair access for athletes across all regions of the Northwest Territories; and

BE IT FURTHER RESOLVED THAT this resolution be forwarded to MACA, Sport North, and relevant MLAs for their support and consideration.

2026-04 Conduct a Review and Improve the Current 911 Dispatch System

WHEREAS the Government of the Northwest Territories (GNWT) introduced territory-wide 9-1-1 emergency dispatch services in 2019; and

WHEREAS the Town of Hay River, along with other tax based communities, continues to operate and promote its own secondary dispatch services due to limitations of the GNWT's 9-1-1 system; and

WHEREAS Council recognizes that the current limitations of the 9-1-1 service may leave gaps in desired dispatch services and pose unnecessary risks to both emergency responders and callers, including inconsistent information and errors communicated from dispatch; and

WHEREAS Council acknowledges that there are potential cost efficiencies, service improvements, and liability reductions associated with potential for a single, centralized GNWT-managed dispatch system, provided the system meets an acceptable standard of service;

NOW THEREFORE BE IT RESOLVED THAT the Northwest Territories Association of Communities (NWTAC) formally request that the GNWT undertake a review and meaningful improvements to the territory-wide 9-1-1 service to ensure accuracy, reliability, and modernized communication capabilities; and

BE IT FURTHER RESOLVED THAT the NWTAC engage with the GNWT to review dispatch performance limitations and completes identified changes to improve current service levels; and

BE IT FINALLY RESOLVED THAT this resolution be forwarded to the appropriate GNWT departments and agencies for consideration and action.

2026-05 Enhance Wildland – Urban Interface (WUI)

WHEREAS Wildfires are a critical hazard facing the Northwest Territories with wildfire frequency and intensity increasing due to climate change and;

WHEREAS Wildfires pose a significant threat to life, property and infrastructure in NWT communities and;

WHEREAS Managing Wildland Urban Interface (WUI) helps control fire spread, protect communities and balance ecosystem needs with human populations and;

WHEREAS The integration of community fire and wildland fire in planning, preparedness and response operations is a best practice in Alberta and elsewhere that has proven to be successful and;

WHEREAS Increased coordination between the Department of Environment and Climate Change (ECC) and community governments is a recommendation coming out of ECC's After Action Assessment, "Northwest Territories 2023 Wildfire Response Review" and;

WHEREAS Some NWT communities struggle to populate their local fire departments making it unrealistic to have additional training expectations and;

WHEREAS Communities from across the NWT have expressed strong interest in developing a WUI program for the NWT (as articulated at the April 2025 NWT Wildfire Preparedness Workshop)

NOW THEREFORE BE IT RESOLVED THAT The Government of the Northwest Territories lead and fund the development of a comprehensive Wildfire Urban Interface (WUI) program that coordinates and delivers services and supports to communities including:

- Qualified WUI teams and specialized equipment that can be deployed to assist communities as needed
- Standardized inclusive WUI training, cross-training, and certification to enable interested/capable community fire departments to work effectively with WUI teams
- Clear and responsive coordination between MACA and ECC that enables the seamless co-management of operations

2026-06 Implementation of Climate Change Adaptation Measures

WHEREAS The Northwest Territories is disproportionately impacted by climate change, warming 2 – 4 times faster than the rest of Canada, which is causing significant changes to the natural environment including among others ice, permafrost, water, vegetation and wildlife and;

WHEREAS Climate change is also impacting human health, infrastructure, public safety, food security and economic/cultural activities in the NWT and;

WHEREAS Federal disaster and climate mitigation funds (such as the now defunct *National Disaster Mitigation Program* and the *Disaster Mitigation and Adaptation Fund*) were greatly appreciated and have supported many studies that identify options to mitigate and adapt to climate change impacts;

WHEREAS Proactive funding to complete climate change adaptation and mitigation strategies is an efficient use of resources as compared to responding reactively to consequences of inaction; and

WHEREAS Climate adaptation resources through disaster mitigation funding have been positive for Canada communities facing floods and wildfires, and could benefit the North even more if Northern climate change pressures (i.e., permafrost thaw, extreme weather and disrupted supply chains) are also included.

NOW THEREFORE BE IT RESOLVED THAT In order to move forward on planning and feasibility work done to date on climate change mitigation and adaptation, the Government of Canada provide adequate funding to territorial, Indigenous and community governments to enable these governments to effectively implement mitigation and adaptation strategies that address the impacts of climate change.

[Return to Page 1](#)

2026-07 Riverbank/Shoreline Erosion

WHEREAS Climate change is impacting slope stability and erosion risk along shorelines as permafrost thaws and weather patterns and extremes become more unpredictable and ;

WHEREAS Many NWT communities are facing shoreline erosion and slope instability issues along their riverbanks, lakeshores, and coastal areas and;

WHEREAS Shoreline erosion and slope instability threatens food and drinking water supply and vital infrastructure (including roads, ports/docks, buildings), disrupts supply chains, causes land loss (including culturally significant sites like cemeteries) displaces communities, damages traditional harvesting areas, disrupts travel routes and creates hazard from landslides and unpredictable slopes. These changes are having a negative impact on northern ways of life and economic stability and;

WHEREAS Options to mitigate risks associated with erosion and instability hazards require multi-disciplinary perspectives to assess public safety, land use, disaster resiliency planning, infrastructure and short- and long-term financial impacts; and

WHEREAS Communities and technical experts need to collaborate on shoreline erosion and slope instability to assess options and strategies to mitigate the impacts.

NOW THEREFORE BE IT RESOLVED THAT The GNWT establish a coordinating mechanism, such as a working group with representation from appropriate departments, to collaborate with impacted communities on riverbank/shoreline erosion to ensure coordination of information, emerging issues, monitoring and mitigation measures;

AND FURTHER THAT The coordinating mechanism also be mandated to support research and information including longitudinal tracking of data related to riverbank/shoreline in the NWT; and

AND FURTHER THAT The coordinating mechanism establish a single point of contact for communities to be able to engage effectively with GNWT.

2026– 08 Tools And Support For Managing Solid Waste Facility Fires

WHEREAS Solid waste facilities, including landfills, recycling facilities, and composting sites are increasingly experiencing fires that pose significant risks to public safety, worker health, environmental protection, and municipal infrastructure; and

WHEREAS Emerging waste streams, including lithium-ion batteries and other hazardous or combustible materials, have increased the frequency, complexity, and severity of fires at solid waste facilities and;

WHEREAS Local governments often bear primary responsibility for land-use planning, emergency response, and community safety, yet may lack consistent, comprehensive, and up-to-date guidance specific to the prevention, management, and response to solid waste facility fires; and

WHEREAS Coordinated, evidence-based guidelines can support consistent planning standards, operational best practices, emergency preparedness, inter-agency coordination, post-incident recovery across jurisdictions and reduce risk and improve fire prevention and suppression measures.

NOW THEREFORE BE IT RESOLVED THAT the Government of the Northwest Territories develop, in consultation with municipalities and other relevant stakeholders, comprehensive guidelines for the planning, management, and emergency response to fires at solid waste facilities; and

AND FURTHER THAT Such guidelines should address, at a minimum:

- land-use planning and siting considerations;
- facility design and operational best practices;
- fire prevention, detection, and suppression measures;
- emergency response planning and inter-agency coordination;
- training, data collection, and incident reporting; and
- post-incident remediation and recovery.

2026-09 Learning and Development for Local Government Staff

WHEREAS Local governments rely on a skilled, knowledgeable, and adaptable workforce to deliver essential public services and respond to evolving community needs; and

WHEREAS The responsibilities of local government staff continue to grow in complexity due to legislative and regulatory changes, technological advancements, public expectations, and emerging challenges; and

WHEREAS Access to high-quality training and professional development is critical to building organizational capacity, supporting workforce retention, and ensuring effective and accountable local governance; and

WHEREAS The now defunct School of Community Government proactively supported training and development for local governments in the past that was both standardized to address core and essential services and specialized to address emerging needs; and

WHEREAS Flexible training models that include both online and in-person options improve accessibility, equity, and participation for staff working in diverse communities and operational contexts; and

WHEREAS Upper orders of government are well positioned to support coordinated, adequately funded, and responsive training and development programs that reflect the needs of local governments;

NOW, THEREFORE, BE IT RESOLVED THAT the GNWT should

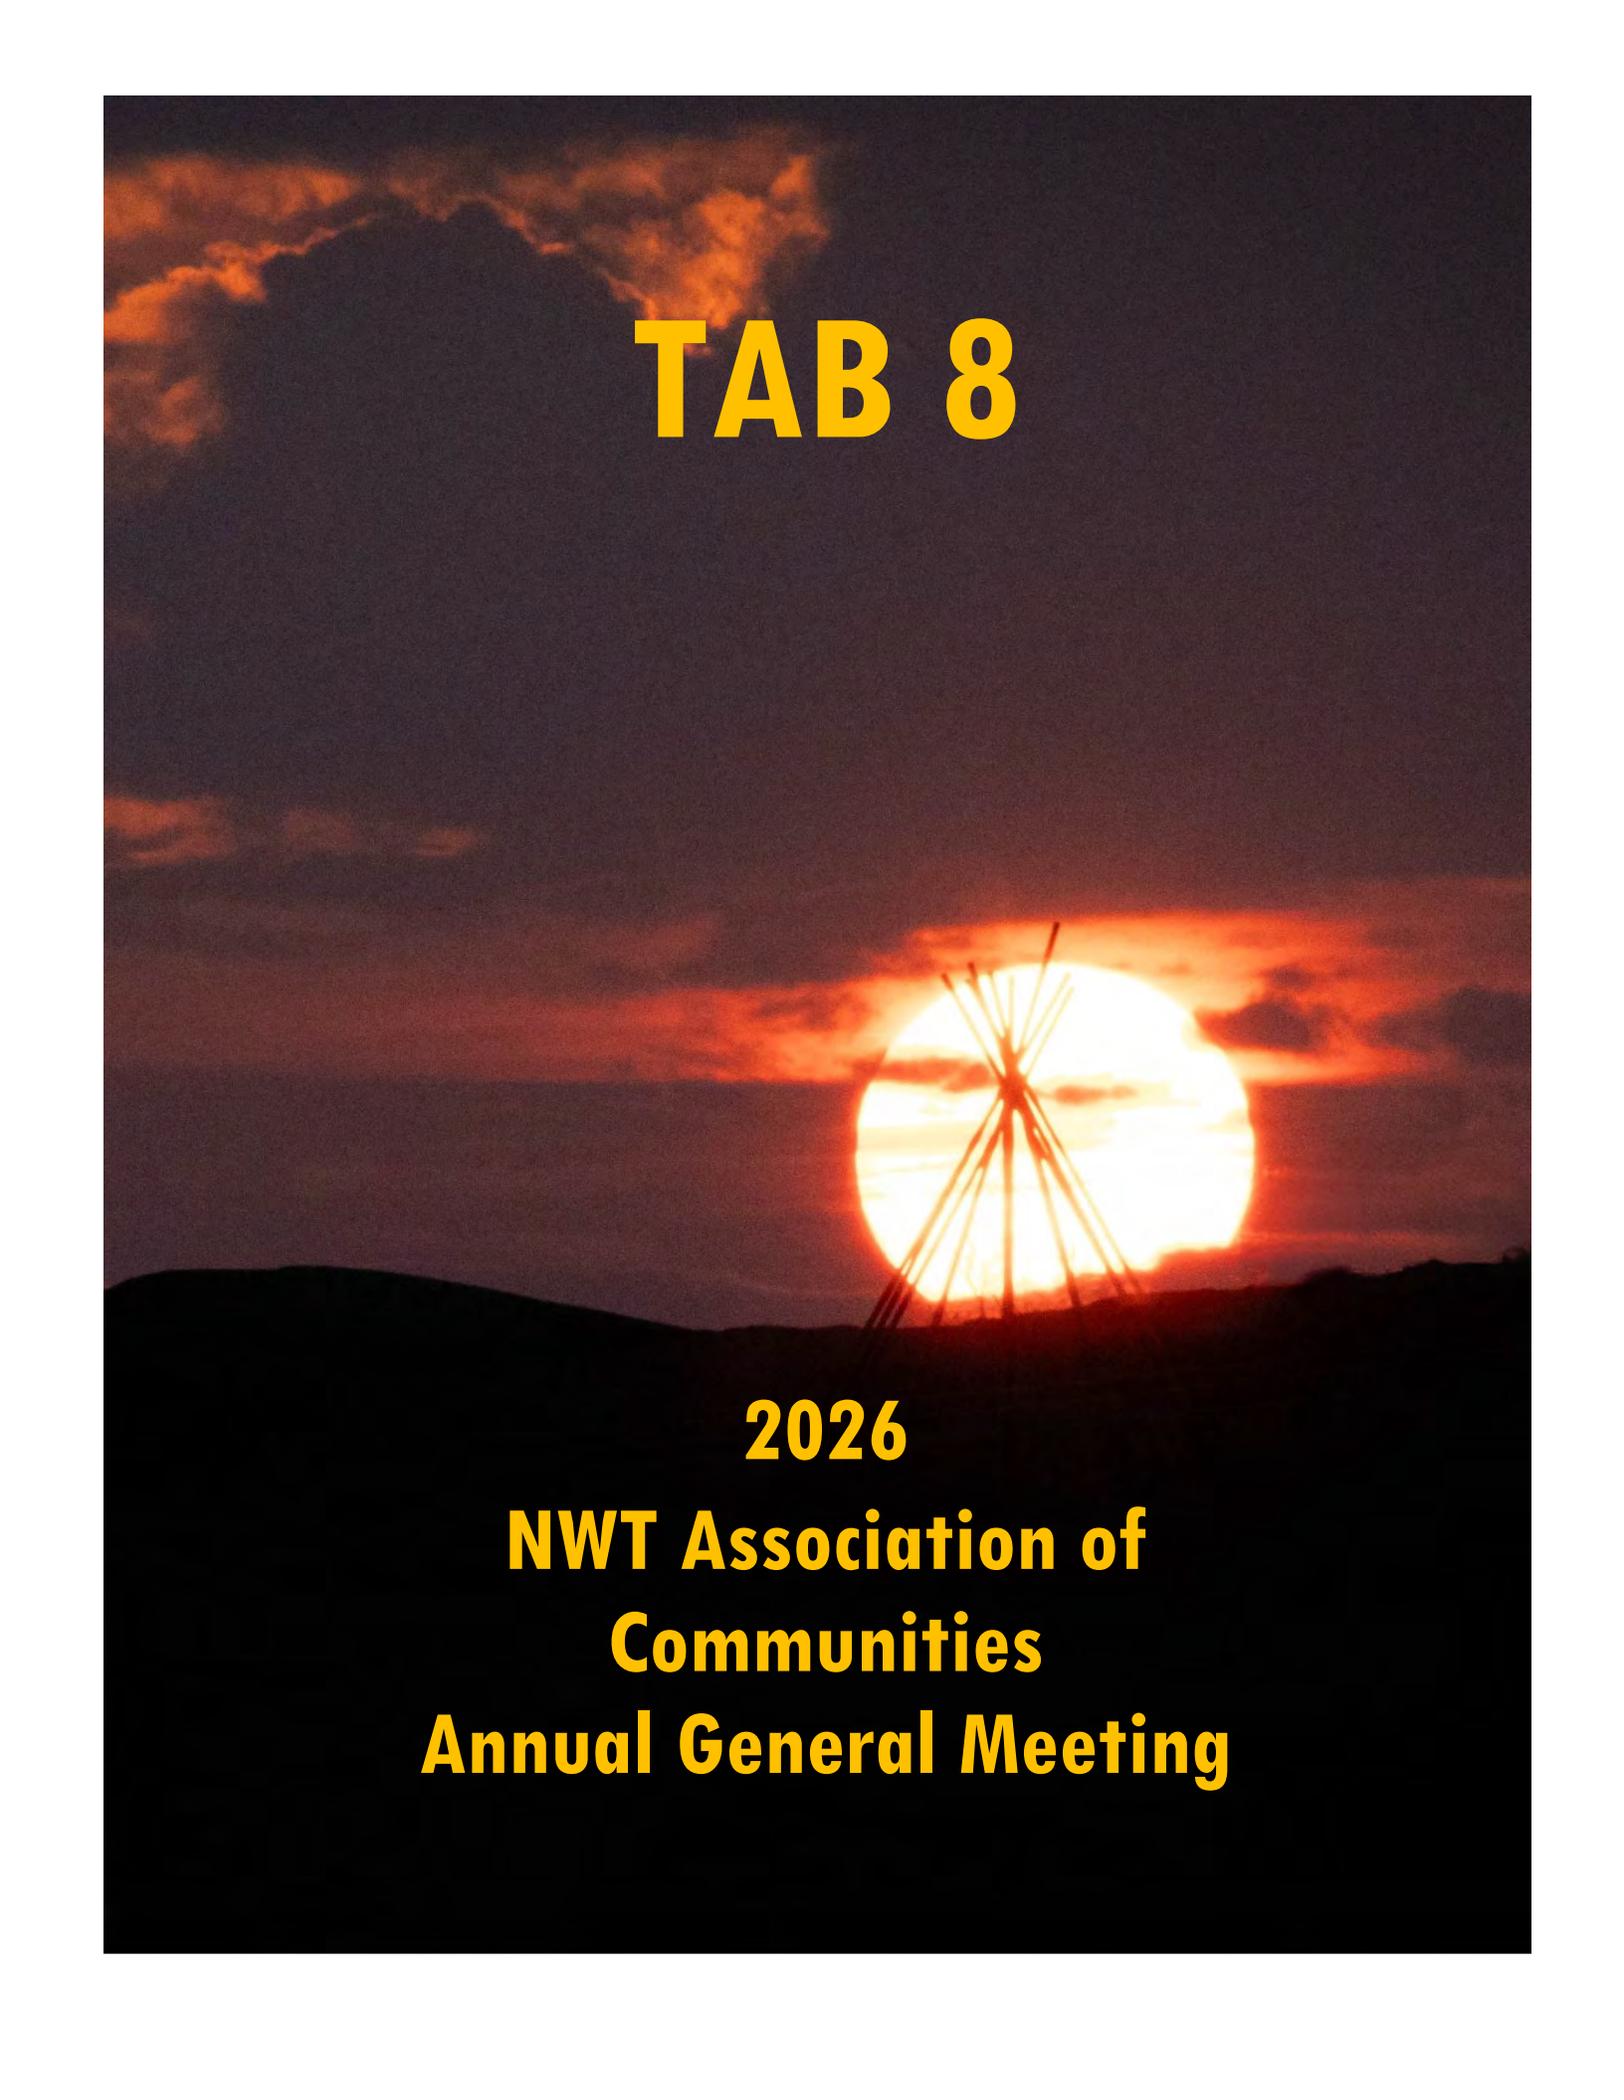

- Develop, fund and support post SCG, a comprehensive, applied-learning, skills-based training and development framework specifically tailored to the needs of local government staff;
- Ensure training options are accessible and appropriate, including a balanced mix of online, hybrid, and in-person learning opportunities;
- Engage local governments representatives in the design and ongoing evaluation of training programs to ensure relevance, practicality, and responsiveness; and
- **Provide sustainable funding and coordination** to support continuous learning, workforce development, and long-term capacity building within the local government sector.

DO YOU FEEL YOU HAVE NOT BEEN ABLE TO ACCESS SERVICES FROM THE GNWT IN ANY OF THE 11 OFFICIAL LANGUAGES OF THE NWT?

DO YOU FEEL YOU HAVE BEEN TREATED UNFAIRLY BY THE GNWT?

WE CAN HELP. **844-686-6283**

Office of the Ombud and Languages
Commissioner Northwest Territories

We need local people in the Northwest Territories to work for the 2026 Census!

Interested in broadening your skills and earning extra income?

Apply today:
census.gc.ca/jobs

In the NWT, census information can help communities plan services such as child care, education and health care.

We provide a wide range of housing programs and supports for NWT residents, offering funding and opportunities across the entire housing spectrum, from homelessness to homeownership.

- Social Housing
- Rental Programs
- Homelessness Programs
- Shelter Funding
- Homeownership Programs
- Home Repair Programs
- Repairs for Seniors
- Preventative Maintenance

**YOU HAVE SURPLUS.
WE HAVE SOLUTIONS.**

Canoe Procurement has chosen GovDeals as an approved supplier for surplus asset management. Surplus includes materials, equipment, vehicles, real estate, or any asset no longer required, no matter what condition it is in - from "new-in-box" to broke down and rusting in the back field somewhere.

HOW IT WORKS

- 1) Asset is taken out of service and declared surplus, ready for "as is, where is" auction
- 2) Asset is listed and sold on GovDeals, with in-house targeted marketing at local buyers
- 3) Buyer pays for and removes the asset; GovDeals remits proceeds to you

PROGRAM ADVANTAGES

- ✓ Transparent digital program where control remains 100% with you, mitigating risk
- ✓ Real-time customizable reporting tools including online payment and remittance
- ✓ Increased local participation with targeted marketing and unique GovDeals weblink
- ✓ Dedicated account manager and a global buyer base of 3.8 million registered buyers
- ✓ Sustainably repurpose assets and reduce environmental footprint with "as is" auctions

Partnering for Success in the North

We are one of Canada's largest project management firms. Working as an independent owner's representative, we can help you meet the needs of your community through:

1. Project planning and initiation advisory services
2. Funding application support
3. Project management and risk assessment

Our Yellowknife team looks forward to meeting you at this year's AGM. We're also available at any time to discuss how we can help.
